

Report Activity (Session 2021-22)

Name of the activity:-	Workshop on “Secret of Yoga”
Date & Time of activity:-	21/06/2022 at 4.00-5.30PM.
Faculty Co-ordinator:-	Mr. Nilesh Zalke & Mr. Saurabh Singh
Conducted by:-	NSS cell S.B.J.I.T.M.R.
Expert Faculty Details & Contact No. :-	Mr. Nakul Agrawal, Founder of Renovatio Foundation, Contact No.: 8625921467 Email Address: mysticnakul@gmail.com
Mode of activity:-	Live session
Total no. of participants:-	550

Activity Details:

NSS cell of S.B.J.I.T.M.R organized yoga session on the occasion of **International Yoga Day** on **21/06/2022 at 4.00-5.30PM**. The objective of webinar was to aware students regarding importance of Yoga.

Report Activity

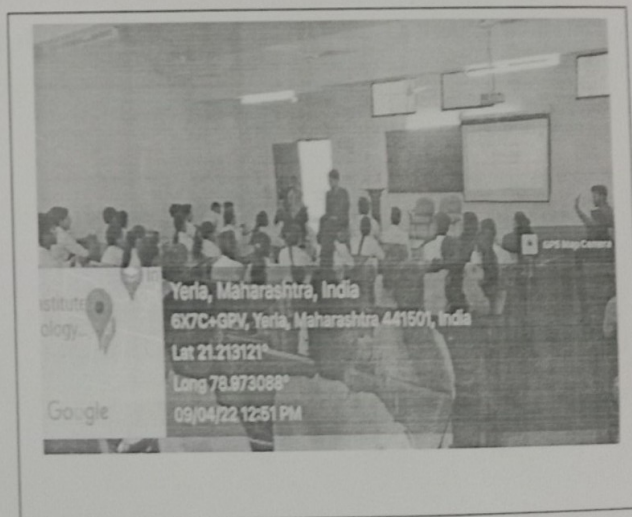

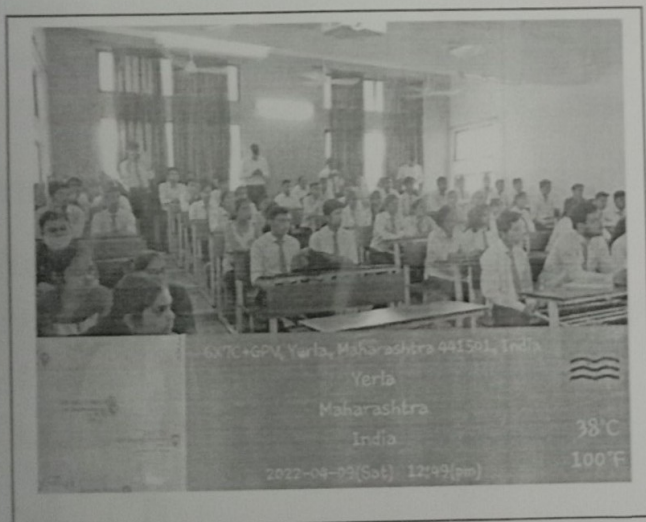

(Session 2021-22)

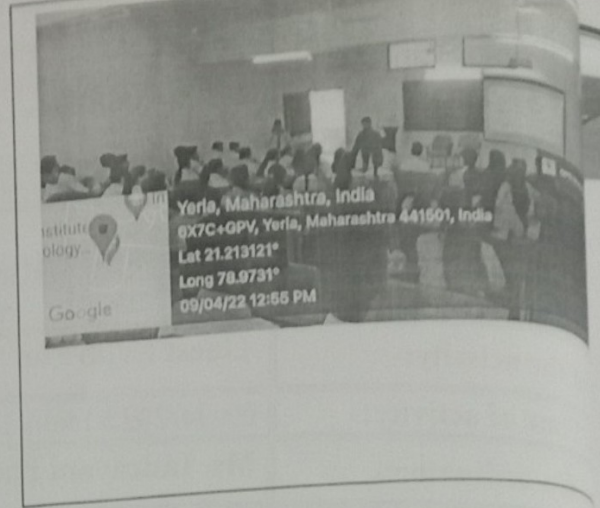

Name of the activity:-	Guest lecture on "Soft Skills"
Date & Time of activity:-	09/04/2022 from 12:30 PM – 1:30 PM
Faculty Co-ordinator:-	Ms. Indrayani Patle
Guest Faculty Details & Contact No. :-	Mr. Hitesh Dewani, Founder & Director, H R Mentors, Nagpur. Address: 2B, Yash Complex, Amravati Road Square, Bharatnagar, Nagpur Contact No. :- 8007065678
Total no. of participants:-	133

Activity Details:

Student forum ELAN of Electrical Engineering Department organized a guest lecture on "Soft Skills" on 09/04/2022 at 12:30 PM for capability building and skill enhancement of students. Major objective of organizing guest lecture is to develop self confidence among students by improving soft skills like interpersonal (people) skills, communication skills, listening skills, time management.

Report Activity
(Session 2021-22)

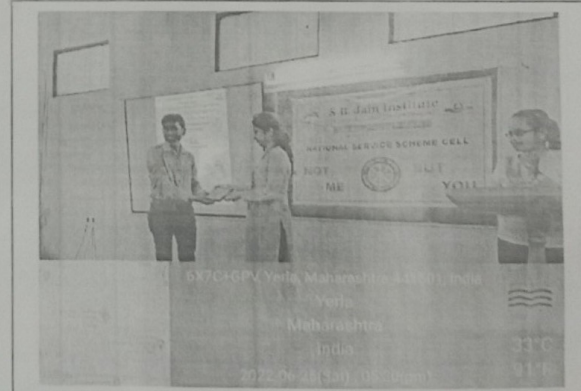

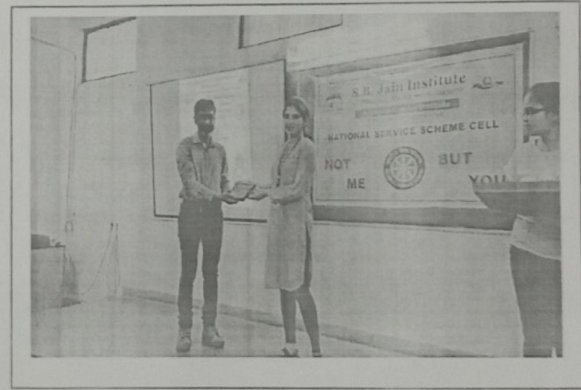

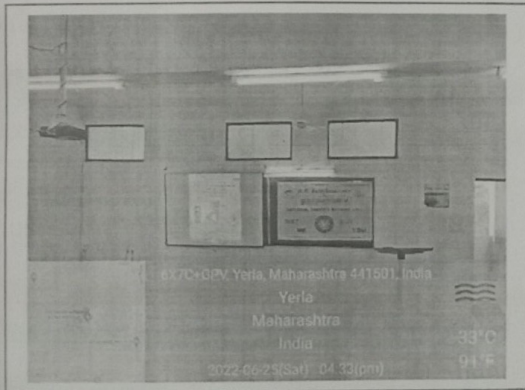

Name of the Course:-	“Yoga A way of connecting your body to the soul”
Date & Course Duration:-	25/06/2022
Faculty Co-coordinator:-	Ms Priya Keshkar
Participation count:-	47

Course Details:

Department of Electrical Engineering organized Seminar on “Yoga A way of connecting your body to the soul” on 18/06/2022 for the Students of Department EE & Co-ordinated by Prof. Priya Keshkar.

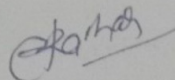

Yoga education can supplement school and university education. It can prepare the students physically and mentally for the integration of their physical, mental and spiritual faculties so that the students can become healthier, saner and more integrated members of the society and of the nation.

Activity Report
(Session 2021-22)

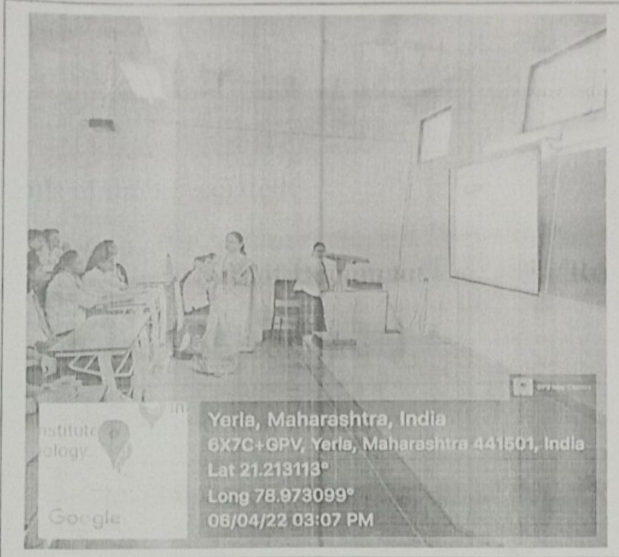

Name of the activity:-	Seminar on NPTEL Awareness for the students of IV Semester
Date & Time of activity:-	06/04/2022 from 02:30 PM – 03: 30 PM
Faculty Co-ordinator:-	Mr. Afsar Khan
Expert Faculty Details & Contact No. :-	Dr. Neetu Gyanchandani, Associate Professor (ETC), SWAYAM & Online Certification Courses Coordinator, SBJITMR, Nagpur, Contact No. 8554959712
Mode of activity:-	Offline (at room number B102)
Total no. of participants:-	63

Activity Details:

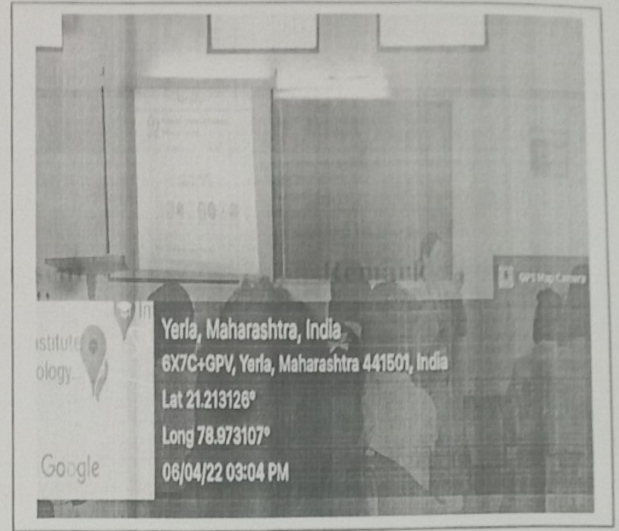

An NPTEL awareness program was conducted for the students of second year EE, on 6th April 2022. A total of 63 students attended the session. The agenda of the seminar was how to enroll NPTEL courses and how to fill examination forms, Tentative upcoming courses for July Dec 2022. The students were given idea regarding NPTEL Certificates, fee waiver benefit for SC, ST and low-income students, the importance of Domain courses, mentor, NPTEL Stars, MOOC courses (B.E. with Major/Honor Certificate).

Report Activity
(Session 2021-22)

Name of Activity:-	Seminar on "Soft Skills-GDPI"
Date & Time:-	18/06/2022
Expert Name:-	Mr. Avinash Naidu, Director, Career Launcher, Nagpur
Faculty Co-coordinator:-	Ms. Nighar R Sheikh
Participation Count:-	47

Course Details:

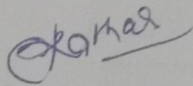

The Electrical Engineering Department had organized a Seminar on "Soft Skills" for students of Fourth Semester, Electrical Engineering which was scheduled on 18/06/2022. Conducted by Mr. Avinash Naidu, Director of Career Launcher, Nagpur. This Seminar aimed to impart transferable & life skills and enhance personality the students of Electrical Engineering so as to make them competent professionals as required for the workplace. The seminar was more like an Interactive Session as all the students were participating with great enthusiasm. The Expert answered every individual doubts and queries. The seminar was worthwhile and instrumental for all the students as it made them aware of how to face the most crucial step and process of recruitment.

Activity Report

Session: 2021-22 (ODD)

Report Summary	
Name of Activity	AIMES (the departmental forum) activities – 2K21
Date of Activity	27/12/2021 to 29/12/2021
Name of Experts	Prof. Daksha Taori (SBJITMR, Nagpur), Mr. Vinay Chawla (ETS, Nagpur), Mr. Shrikant Kanhere (Pranic Healing Centre, Nagpur), Dr. Himanshu Tiwari (SBJITMR, Nagpur)
Name of Internal Coordinator	Mr. Ajay Joshi, Mr. Sarvesh Biyani (SBJITMR, Nagpur)
Place of Activity	Mechanical Department (ONLINE – Google Meet)
Purpose of Activity	To improve students' co-curricular & extra-curricular participation for overall personality development and make students ready for placements.
No. of students participated	83 (2nd-year students)
Summary of Activity	<p>AIMES the departmental forum of Mechanical Engineering Department, S.B. Jain Institute of Technology Management and Research, has organized forum activities that includes the following –</p> <ol style="list-style-type: none">1. Session on Video Resume` Making for the students of Mechanical Engineering on 27/11/2021. Prof. Daksha Taori has explained to students about the resume writing process, dos and don'ts in resume writing, and the video resume-making process. In this interactive session, students also ask their queries about video resume making.2. Session on “Time to meet your best version” for the students of Mechanical Engineering on 28/11/2021. Mr. Vinay Chawla has discussed various ways by which students can improve themselves to meet the best version. He explains various topics through numerous examples. In this session students also ask their queries about various topics.3. Session on “Time to meet your best version” for the students of Mechanical Engineering on 29/11/2021. Mr. Shrikant Kanhere has discussed the Stress Management process. In this session students also ask their queries about various topics.4. Mock Interviews via Google Meet. The activity was conducted for 10 students selected from the previously taken aptitude test. Dr. Himanshu Tiwari has conducted the interviews on 29/11/2021.

Activity Report
Session: 2021-22 (EVEN)

Report Summary	
Name of Activity	Outreach Programme on "Awareness of Income Tax"
Date of Activity	12/05/2022, 01.30 PM -02.30 PM
Name of Expert	Jaya Radhakrishnan, Income Tax Officer, Nagpur
Name of Internal Coordinator	Mr. Ajay Joshi, Mr. Hasan Akhtar.
Place of Activity	Seminar Hall, Ground floor, SBJITMR, Nagpur
Purpose of Activity	The purpose of this course was to make students aware about Indian tax system.
No. of students participated	41 (Second Year Section A)
Summary of Activity	Department of Mechanical Engineering, S.B. Jain Institute of Technology Management and Research, has organized an Outreach Programme on "Awareness of Income Tax" for second year B. Tech Mechanical Engineering students. Jaya Radhakrishnan Madam discussed about Indian Tax System, Income Tax, Exemptions etc. with the students. Madam explain the different types of Income sources and tax levied on it. Students also ask questions/ queries to the Madam about the Income Tax submission, their benefits etc.

Report Summary	
Name of Activity	One day workshop on “Introduction to Mechanical Design using CAD Software”
Date of Activity	11/06/2022 (11 AM – 5.00 PM)
Name of Expert Faculty	Mr. Gaurav Mohite
Name of Internal Coordinator	Mr. G.R. Mohite
Place of Activity	Mechanical Department (Lab M005)
Purpose of Activity	The purpose of this workshop was to guide the students about importance of acquiring the knowledge of design software’s and processes that are used in computer aided engineering.
No. of students participated	80 (Second year: A-39, B41)
Summary of Activity	<p>Department of Mechanical Engineering, S.B.Jain Institute of Technology Management and Research organized an expert lecture on “Introduction to Mechanical Design using CAD Software” on 11th June 2022.</p> <p>The workshop sessions was delivered by Mr. Gaurav Mohite, Assistant Professor, Department of Mechanical Engineering, S.B.J.I.T.M.R., Nagpur. In the introduction a very helpful information about what is computer aided design and what are the career opportunities in design field for mechanical engineers was shared with students. Later in session the design software’s were introduced. Workshop delivery was based on hands on experience of basic tools in CAD, use of geometric design tools, creation of basic geometries and shapes, use of axial and space environment, axial and surface design and modelling.</p> <p>The workshop was concluded with discussion ways for graduate students to get skillful knowledge in this field and which would help them in placements in the field as a mechanical design engineer.</p> <p>Overall response of students was very satisfying.</p>

Session: 2020-2021 (ODD)	
Name of Course	Webinar on "Block chain Technology" in collaboration with IEEE CS Chapter
Course Code	-
In Collaboration with	IEEE CS Chapter
Faculty Coordinator	Ms. Pranita Chaudhary
Details of Trainer	Dr. Rashmi Jain, Assistant Prof., CSE Department, SBJITMR, Nagpur
Date	27/11/2021
No. of Students Participated	81
No. of Students Benefited	63
PO & PSQ Mapped	PO6, PO7, PSO1, PSO2
Objectives	To make students aware about the latest trends and areas of like Block Chain Technology involving the topics related to the data security issues & its parameters, Data Transfer bottlenecks, Replication of data etc. as they are the new age concerns which makeshift today's world.

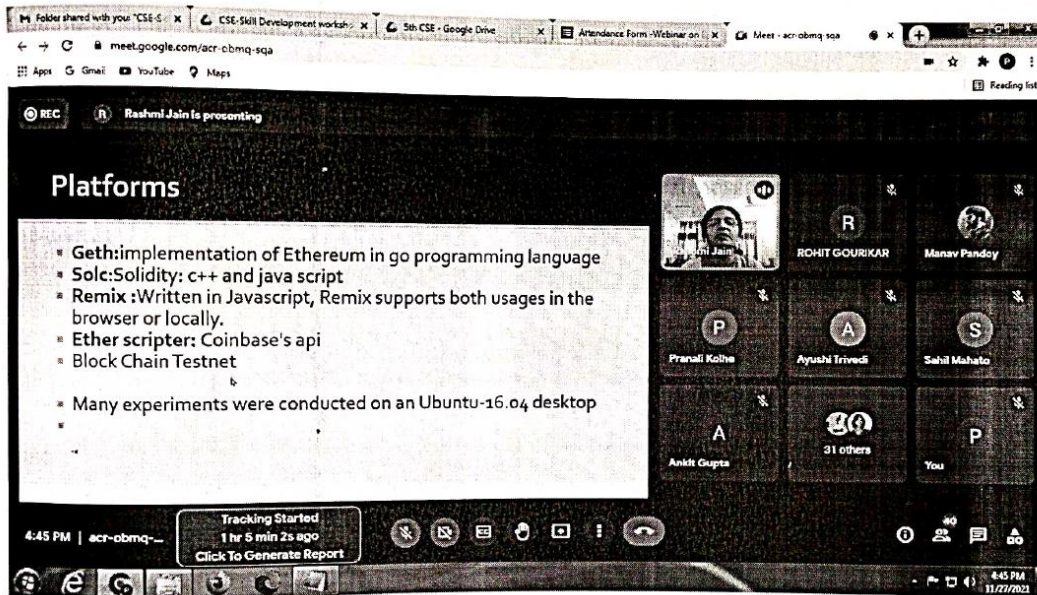

Details:

Department of Computer Science & Engineering and Information Technology of S B Jain Institute of Technology & Research has organised a webinar on "Block Chain Technology" on 27th Nov, 2021. The speaker for this webinar was Dr. Rashmi Jain, Assistant Professor, Department of Computer Science & Engineering, SBJITMR, Nagpur.

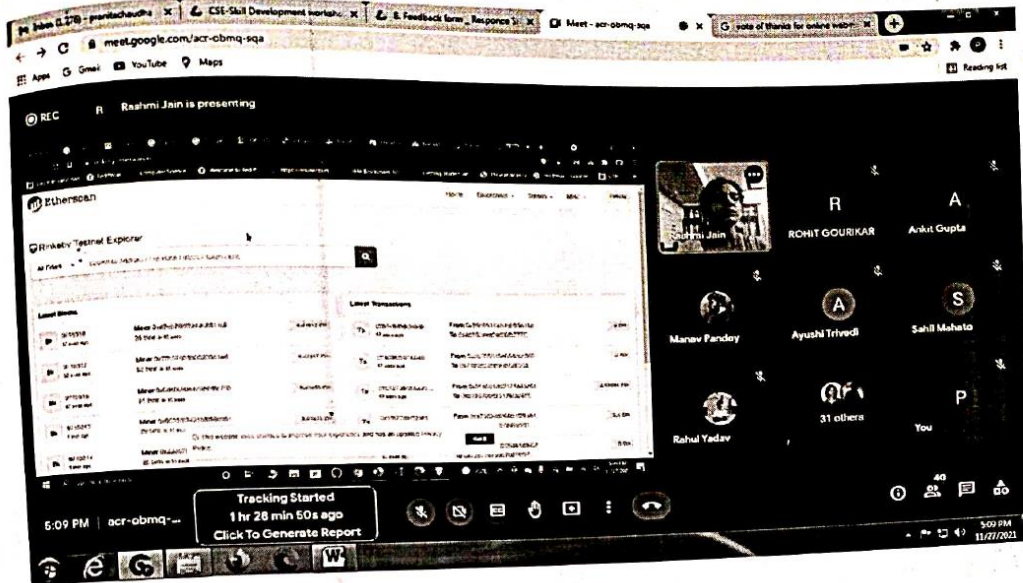

With the support of CEO Mr. Sanjeev Agrawal & Principal Dr. Sanjay L. Badjate, Mr. Animesh Tayal (HOD of CSE & IT Dept), Ms. Pranita Chaudhary (Asst. Prof, CSE Dept.) of the Institute organised this webinar which has been addressed by Dr. Rashmi Jain using online Google Meet platform.

This Webinar was mainly targeted for the 3rd year students of the CSE/IT department. The topic of webinar was explained in detail by the speaker. The speaker gave exceptional insights into all the relevant topics required. The webinar was organised to spread awareness about the latest trends and areas of Block Chain Technology including the topics related to the data security issues & its parameters, Data Transfer bottlenecks, Replication of data etc. as they are the new age concerns which makeshift today's world. It has seen that even faculties were taking efforts to learn the topic of the webinar, and polish their knowledge to give best to their students. The session had the best possible ending but with lot to take back with audience as the speaker engaged the crowd with Q & A.

Objectives	<ol style="list-style-type: none">1. To aware students regarding Data Science.2. To aware the graduates regarding opportunities of Data Science

Details:

Department Computer Science and Engineering and Information Technology is organizing online Webinar on “The Essence of Data Science and Opportunities for Graduates” in association with Department of Robotics & Cloud Technology, RTMNU, Nagpur on 29th December, 2021 for all students of the department on google meet platform.

Mr. Anil Tatode Sir, Training Officer, Dept of Robotics and Cloud, RTMNU was the resource person for the Webinar. Sir gave the introduction of Data Science and discussed various opportunities for graduates in the fields of Data Science. Also Agenda for the webinar was employment opportunities in India, Global employment opportunities, Jobs profile in Data Science, Revenue Forecast –India, Revenue Forecast-Global, User Segment and many more.

Almost 125 students participated in the webinar and good interaction was done by students

with Mr. Anil Tatode Sir. Participants are provided with e-certificate. Webinar is ended with
of thanks by Dr. Mrudula Nimbarte .

5. Essentials for Group Discussion and Personal Interview

Session: 2021-2022 (EVEN)

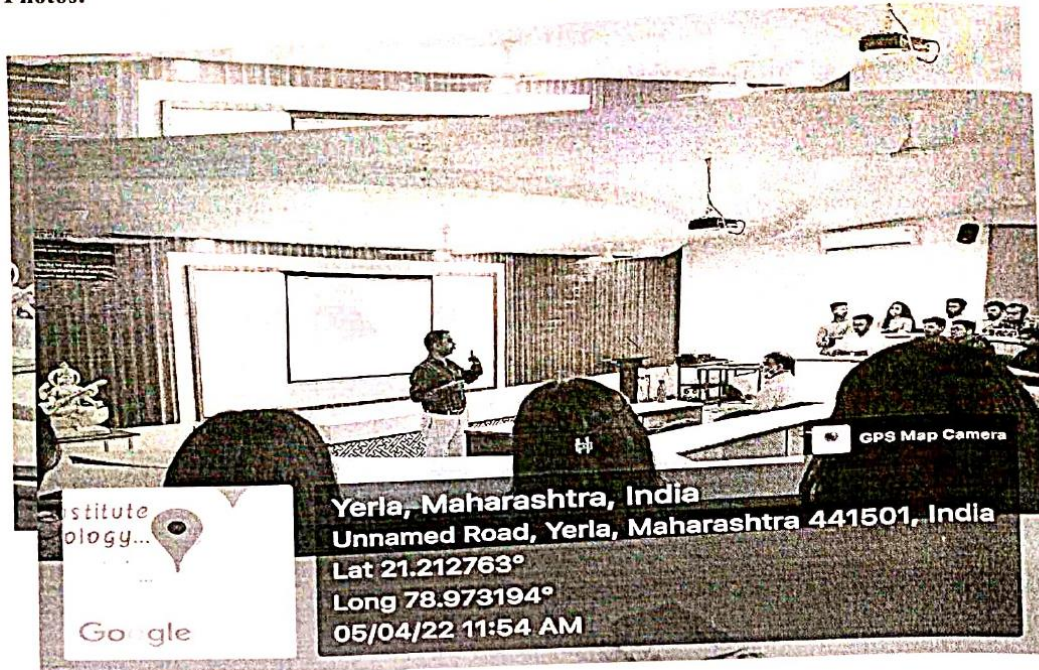

Name of Course	Seminar on “Essentials for Group Discussion and Personal Interview”
In Collaboration with	IEEE CS Chapter and Entrepreneurship Development Cell.
Faculty Coordinator	Mr Dhirajkumar Gupta
Details of Trainer	Mr. Avinash Naidu, Academic Director Career Launcher Nagpur
Date	05/04/2022.
No. of students participated	132
No. of Students Benefited	132
PO & PSO Mapping	PO9, PO10
Objectives	The objective of a group discussion and personal interview is to evaluate certain attributes in a candidate that can be otherwise difficult or time consuming to ascertain. Panelists or evaluators in a group discussion will look out for communication skills.

Details:

Department of Computer Science & Engineering of S B Jain Institute of Technology & Research has organised a Seminar on “Essentials for Group Discussion and Personal Interview” on 05th April, 2022. The speaker for this Seminar was Mr. Avinash Naidu, Academic Director Career Launcher Nagpur. In association with IEEE CS Chapter and in collaboration with Entrepreneurship Development Cell. With the support of CEO Mr. Sanjeev Agrawal & Principal Dr. Sanjay L. Badjate, Mr. Animesh Tayal (HOD of CSE), Mr. Dhirajkumar Gupta (Co-ordinator, CSE Dept.)

This seminar was mainly targeted for the 3rd year & 4th year students of the CSE department. The topic of seminar was explained in detail by the speaker. The speaker talks about Group Discussion and Personal Interview. The main features of the seminar are core employability skills also emphasis more on the soft skills, communication and personality of the candidate. Hence, considering the need of the present industry scenario, the Aim and objective of the entire seminar was decided. The present seminar aimed to develop students’ insight into the recruitment process and interview and group discussions tactics to successfully enter in professional life in particular. The group’s composition and the group discussion should be carefully planned to create a non-intimidating environment, so that participants feel free to talk openly and give honest opinions. Since participants are actively encouraged to not only express their own opinions, but also respond to other members and questions posed by the leader, focus groups offer a depth, nuance, and variety to the discussion that would not be available through surveys.

ISTE, NSS, IETE Committee of S. B. Jain Institute of Technology, Management and Research and **Sanklap Club' Committee** of Electronics and Telecommunication Engineering department organized seminar in association with **Institution's Innovation Council (IIC)** on "Save Soil". The seminar was organized for the second year students on 31st May, 2022 from 12.30 PM onwards.

The event was organized to exchange knowledge among young technocrats. The invited guest for seminar was **Mr. Sarang Warudkar**, Director of Shree Convent and High School, Nagpur. Save Soil is a global movement launched by Indian spiritual leader Sadhguru to address land degradation and advocate for healthy soil. An initiative was taken on 5 April at the United Nations in Geneva by the Isha Foundation and supported by the WHO, UN SDG lab, and IUCN. Mr. Sarang Warudkar is the representative from the Isha Foundation, The Isha Foundation, launched the 'Journey to Save Soil' to raise awareness about soil degradation and advocate for bringing organic matter back to agricultural processes.

Mr. Sarang gave an awareness to the students about the Save Soil – a Global Movement to invoke a conscious approach to soil and planet in all. He explained the factors Soil degradation is the physical, chemical and biological decline of soil quality. With improved soil management practices, soil can be protected and even regenerated. 99 students got benefited by the seminar.

Technomaster Club of Electronics and Telecommunication Engineering Department in association with **Institution's Innovation Council - IIC** organized the Technical Circuit Design Competition 'Electroscape' for the students of II & III year on 28/05/2022 at 3:30 PM onwards.

The purpose of the Circuit Design Competition is to increase students' interest in micro-electronic technologies and to improve their potential in this field. The Circuit Design helped students to develop new skills, strengthen and reinforce other skills such as leadership, communication, and problem solving in team. Total 48 students (16 groups) from various departments of II and III year participated for the competition. One team composed of three undergraduate students for the competition. Competition was of II rounds, in first round students are supposed to identify the components and device shown on PPT's as well as by means of videos. The groups those scored marks greater than or equal to 50 % was eligible for the second round. In second round, the circuit diagram was provide paper and students are supposed to implement of circuit using bread board. The students those who have completed the circuit in minimum time was winner for the competition.

The winner for the competition is as follow:

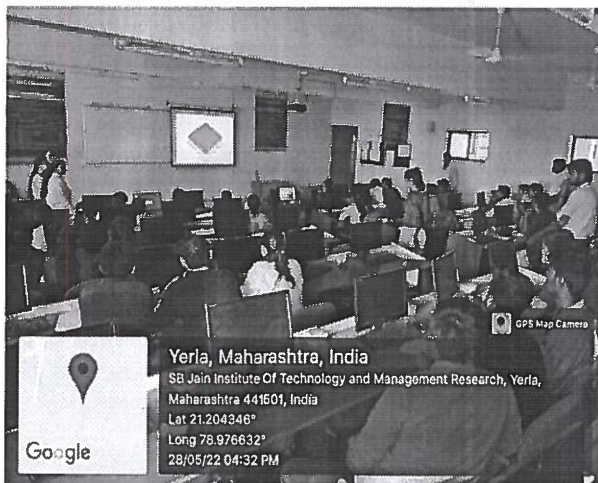

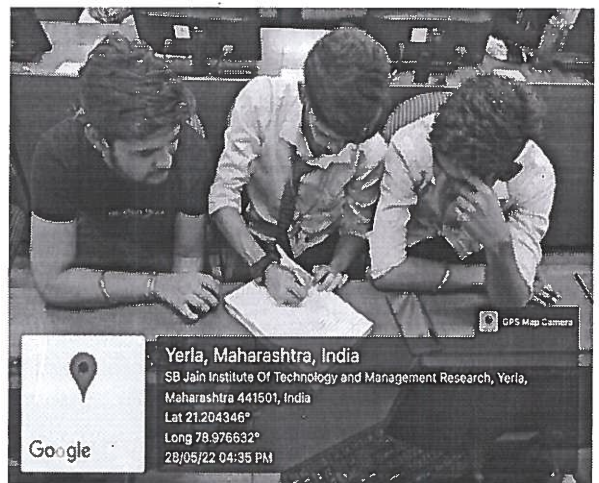

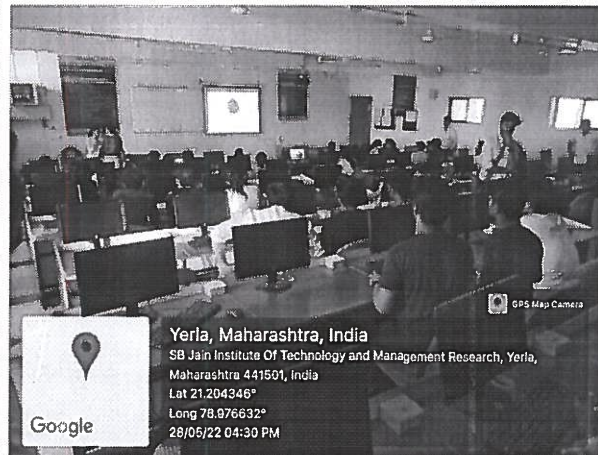

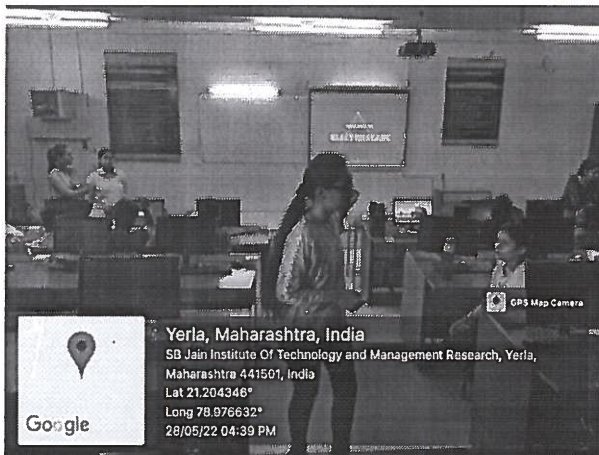

Department of
Electronics & Telecommunication Engineering

"Emerge as a center for quality education in Electronics & Telecommunication Engineering, so as to create competent professionals"

- 1st Winner group: Team Royal Stag, Members are Ayush Gawande, Karan Jadhav & Harsh Nikam
- 2nd Winner Group: Team AVY-(RCB) Members are Atharv Pise ,Vishal Tikle & Yogesh Barapatre
- 3rd Winner Group: Team Infinity Members are Ayush Dadwe, Gaurav Pawar & Divyanshu Sahare.

Dr. Abhay R. Kasetwar, Head of Department congratulated the winners and team for organizing such a wonderful activity. Club in charge Prof. Sheetal Mungale, and Prof. Mayur Tembhurney and Club committee members coordinated the event.

Technomaster Club of Electronics and Telecommunication Engineering Department organized a webinar on Research Methodology. The Webinar was organized for the final year students of Electronics and Telecommunication Engineering. The Webinar was scheduled on 07th May, 2022 from 11:30 PM to 12:30 PM. There were 73 students of final year got benefited through a webinar. The event is organized to endow with a platform to exchange knowledge among young technocrats. The speaker was Dr. Amol Morankar from S.B.J.I.T.M.R. Nagpur. The speaker has an experience of more than 13 years in field of teaching to various undergraduate and postgraduate students at K. J. Somaiya Institute of Engineering and Information Technology and S.B.J.I.T.M.R Nagpur. He is skilled in Artificial intelligence, MEMS and Field-Programmable Gate Arrays (FPGA). He is strong business development professional with a Doctor of Philosophy- PhD focused in MEMS & Nano Technology from Visvesvaraya National Institute of Technology. It was really a splendid webinar which exposed students to the various aspects of Research Methodology. This Webinar made students aware about how to discover new facts, how to verify and test important facts, how to find solutions to scientific, nonscientific and social problems and to overcome or solve the problem occurring in our everyday life.

Technomaster Club of Electronics and Telecommunication Engineering department has organized Guest Lecture on "Agile Methodology and Industry Working Culture" on 07/03/2022 at 11.30 AM onwards for III & IV Year students by an Eminent Speaker Mr. Ankit K. Kshirsagar , Director and Founder, AnkHub Technology Services, Nagpur.

The event is organized to endow with a platform to exchange knowledge among young technocrats. Ms. Prajakta Akojwar, the Student Coordinator, gave the introductory comments and introduced the programme. Mr. Ankit K. Kshirsagar, the day Speaker, was introduced by her. The primary goal of this Guest Lecture was to inform students about Agile Modeling (AM). He emphasised the relevance of Agile modelling, a fast developing methodology utilised in the dynamic Internet software sector as well as the expanding mobile app environment. Agile

Methodology is a way for designing and documenting software-based systems that is based on practice.

There were 76 students of third and final year got benefited through this guest lecture. Dr. Abhay R Kasetwar, Head of Department congratulated the team for organizing the event, Club incharge Prof. Sheetal Mungale along with Prof. Mayur Tembhurney, other faculty members and students volunteers work hard to make the event successful.

Department of Electronics and Telecommunication Engineering under FEETA forum organized "Computer Literacy Programme". The event was organized for the students of 9th and 10th standard of Savitribai Phule Vidyalaya, Fetri, Nagpur. The event was scheduled on 05th March, 2022 at 9.00 AM.

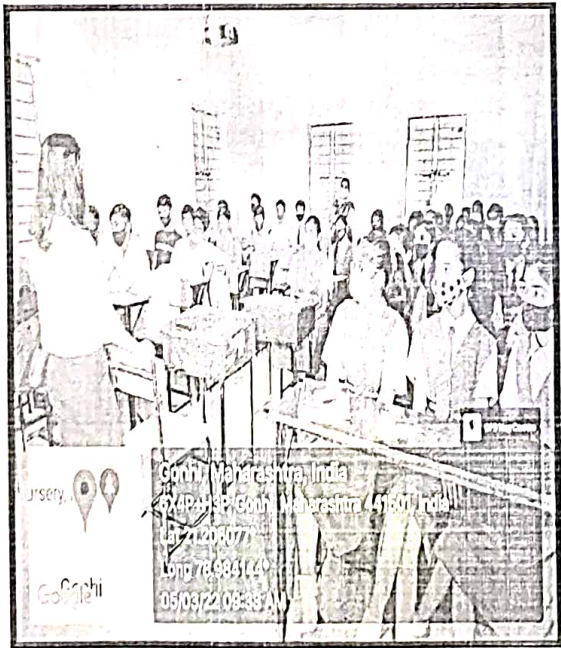

The event was organized to teach advanced software language information and skill related to computer technology to young growing under privileged students. The participation in event showed that the students really like skills taught to them in Computer Literacy Programme where they take part hassle free and responded to all questions & raised queries. In this program Basic C language and HTML was introduced to the students. More than 70 students participated in the event. Dr. S. L. Badjate, Principal and Dr. Abhay Kasetwar, Head of the department appreciated the event with other faculty members. Prof. Ayushi Jaiswal coordinated the event along with President Ms. Prajakta Aakojwar & FEETA committee.

Name of Organization	SBJITMR Nagpur
Year/Section	II & III/ A & B,
Date:	27th December 2021
Objective of Event	To enhance student's practical & technical skill and to make them compatible with industry.
PO Mapped	PO3, PO5, PO6, PO7, PO8, PO9, PO10, PO12

Department of Electronics and Telecommunication Engineering under IETE Students Forum (ISF) organized a workshop on "Introduction to Electronics Components and PCB Designing" on 27th December 2021 to enhance student's practical & technical skill and to make them compatible with industry.

The workshop was conducted by eminent speaker Mrs. Karuna Bogawar, Assistant Professor, Electronics Engineering Department, Priyadarshini college of Engineering.

PCB's are the backbone of any production level electronic device in today market, and therefore knowledge of PCB layout tools can be a vital skill. Both analog and digital circuits are used in PCBs depending on the application, and with different types of circuits, the designer must take into account certain design considerations. This guide will show you how to make a simple PCB layout with digital components, and the design considerations that come with it. Almost 43 students from II of department have participated in the workshop.

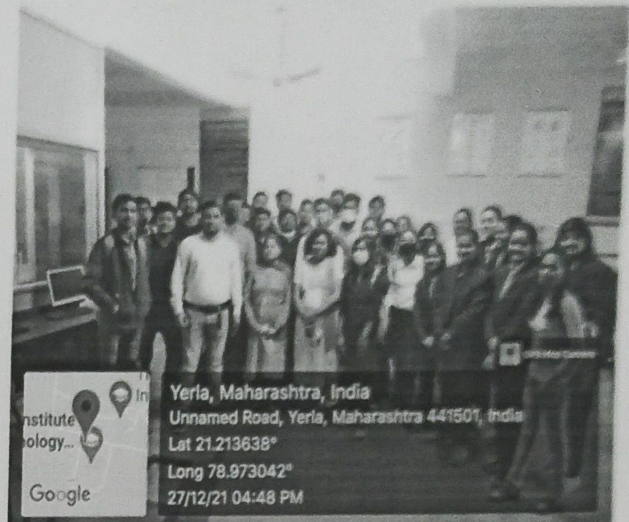

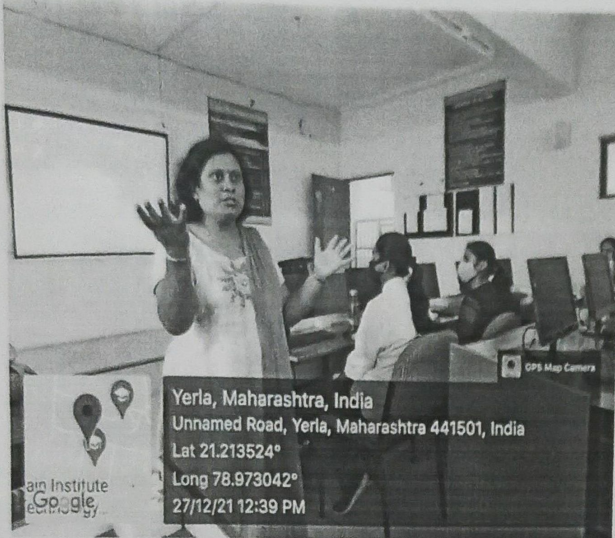

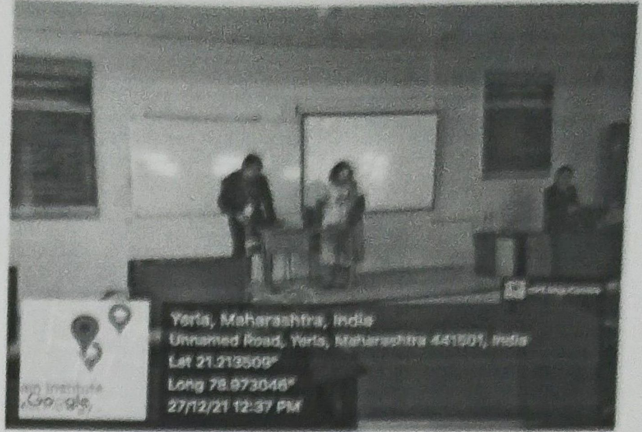

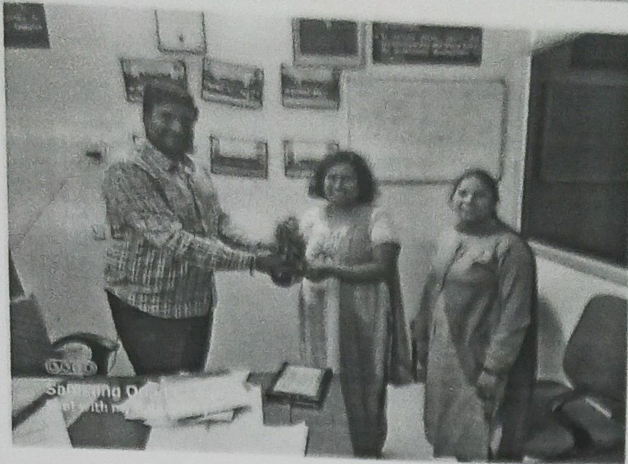

Testing of **Electronics** components by means of multimeter before mounting to the PCB was explained and students have tested the components. Many small circuits was implement during the workshop.

PCB Design workshop appreciably to make it successful to enhance student's skill level. After attending this workshop students have expressed about their capability of Designing Special purpose PCB Of any Electronics Project. This workshop will be helpful for students for circuit development of their final year project. Total 43 students have Participated in this workshop, where everyone has got a chance to work individually on a separate PCB.

All the students responded that they have learned and had hands on experience in designing a PCB. They were very excited about participation in this workshop and requested for more workshops in similar way so that they can simultaneously gain the practical knowledge.

We thanked every student for their active participation and interest in participating in the workshop and mentioned about the activities conducted in the college by the department. He promised that department will continue its assistance in conducting these sort of workshops and seminars in future too. Head of Department, Dr. Abhay Kasetwar, and IETE Students Forum Prof. Ayushi Jaiswal appreciated the students for conducting successful event.

Technomaster club of Electronics and Telecommunication Engineering' department has organized an online quiz "PIN DOWN THE COMPONENT 2K21." To fill the mind with stimulating and thought-provoking questions. The quiz was scheduled on 21/11/2021 from 11:30am. students from the second, third, and fourth year have registered. 25 questions were presented on a Google document. 44 students participated for the quiz. The quiz has shown to be quite beneficial for improving technological knowledge. Technology may operate as a facilitator by incorporating creativity into tests and ensuring active participation among students.

Participation certificate was issued to the students having more than 75%. Club incharge Prof. Sheetal Mungale, Prof. Mayur Tembhrney and student cordinators has taken the responsibility for organising the event .Dr. Abhay R. Kasetwar, Head of Department, complimented the team for putting on such a great efforts. The event was successfully supervised by other faculty members and student volunteers.

Departmental forum FEETA of Electronics & Telecommunication Engineering organized "Webinar on Web Application Designing". The webinar was organized for the students of Second, Third and Fourth Year Electronics and Telecommunication Engineering. The session was scheduled on 20th November 2021 from 02:30 p.m.

The event is organized with an objective to provide an exposure to students for web application designing. The main speaker was Mr. Gunwant V. Mankar from Connect Soft Infotech, Nagpur. It was really a splendid presentation which exposed students to the various aspects of web application designing. This session gave the idea regarding building a web application. It focuses on the look and feel of the web application. The design stage encompasses several different aspects, including user interface design (UI), usability (UX), content production, and graphic design. Query session was held to clear the doubts of students. More than 100 students got benefited by the webinar. Dr. S. L. Badjate, Principal and Dr. Abhay Kasetwar, Head of the department appreciated the event with other faculty members. Prof. Pravin Pardhi coordinated the event along with the FEETA committee.

The Technomaster Club of Electronics and Telecommunication Engineering department organized an online quiz competition for students of second, third, and fourth year. The quiz was set to begin at 11:00 a.m. on November 19, 2021. The goal of the event was to assess students proficiency in fundamental programming skill. The online quiz had 303 participants, including 168 students from the institute and 135 students from other institutes. 15 questions centered on programming were given, each having two points. The programming question was based on C language. Students can detect, compile, and validate the expected output in the programming question. Distinction was awarded to 49 competitors.

Participation certificate was issued to the students having more than 75%. Club incharge Prof. Sheetal Mungale, Prof. Mayur Tembhurney and student cordinators has taken the responsibility for organising the event. Dr. Abhay R. Kasetwar, Head of Department, praised the team for organising such

pleasant occasion. The event was effectively managed by the other faculty members and student volunteers.
