Teaching Learning Process:

The Institution ensures effective curriculum delivery through a well planned and documented process

- **Teaching Plan:**

- All Course coordinators prepare Teaching plan adhering the standard guidelines for the curriculum delivery.
- The teaching plan covers all the aspects of course delivery planning including introduction of course, mode/methodology of content delivery, Activity Based Learning, TAEs, etc.

- **Time Table:**

- Every department prepares and strictly adheres to the well **planned time table** for the academic session.

- **Student Feedback:**

- The Institute has a well **defined feedback policy** and it uses online tool for feedback and analysis.
- Feedback on academics is taken from students **in each semester**,

Feedback-I is taken in mid of semester, Feedback-II before the semester completion and Course End Survey is taken at the end of the course.

Student centric methods such as experiential learning, participative learning and problem solving methodologies etc. are used for enhancing learning experiences

The various student centric methods are employed for enhancing the learning experiences of students with the following objectives:

- Strong analytical and technical problem-solving ability
- Industrial technical skills in respective Engineering Domain
- Computing/Software Skills as essentially required in their branch of study
- The ability to multitask
- Critical Thinking
- Innovative and Creative Skills
- Reading, assessing and understanding the technical documents/ communication literature
- Commercial awareness
- Collaborative and multidisciplinary Skills
- Adaptability to evolving technologies and environment
- Self reliance and self exploratory skills
- Independent working ability
- Planning and Organizational Skills
- Project Management Skills
- Soft Skills
- Verbal and written communication Skills
- Leadership/ Management & Entrepreneurship Skills

The following student centric methods are implemented by the Institute:

❖ **Experiential Learning:**

- **Experiential Learning** is promoted by the Institute and is made a part of Teachers Assessment Examination with significant weightage in continuous assessment.
- Under **each course**, the course co-ordinator either undertakes Project Based Learning/Activity Based Learning/ Problem Based Learning/ Case Study etc. against this TAE so as to enhance the learning experiences of students.

❖ **Activity Based Learning/ Skill-set training:**

Various well planned activities are conducted in the Class viz. technical activities, hands on training workshops, Collaborative Learning, Problem-Based Learning, etc. The students actively participate in it and learn the things in a better perspective.

❖ **Participative Learning**

- Under the participative learning, **Project Courses** including minor and major projects in the UG and PG programmes contribute significantly towards participative learning in enhancing the learning experiences.
- Apart from project courses, the **practice schools/ Internships** are made part of curriculum and are undertaken by the UG students after completion of every academic year which provides better opportunities for participative learning.

❖ **Problem Solving**

- For the THEORY courses with tutorials, well planned problems are undertaken in the **tutorial sessions** which enhance the problem solving capabilities of the students.
- In PRACTICAL courses, **post laboratory sessions** are undertaken with provisions of open ended practicals, minor projects etc. which further enhances their problem solving ability.

F. Bridge Courses

G. Yoga and meditation

H. Personal Counseling

I. Any Other

A. Guidance for Competitive examinations

- Seminars/ counseling are conducted for the students so as to provide guidance for competitive examinations viz. CAT/ GATE/ ESE/ PSUs etc.
- The Institute has implemented AICTE'S PRERANA Scheme-Scheme for preparing SC/ST students for Higher education.

B. Career Counseling

- Career counseling sessions are conducted for the students.

C. Soft Skill Development

- For soft skill development specific credit courses viz. Soft Skills-I, Soft Skills-II and Soft Skills-III are made part of curriculum of all B.Tech. Programmes and Employability Skills Enhancement-I,

Employability Skills Enhancement-II are made part of curriculum of MBA Programme.

- Various activities are also conducted throughout the sessions so as to cater the soft skill development needs of the students.

D. Remedial Coaching

- For the student/s not performing well/ remained absent in the examination [Class Assessment Examination and End Semester Examination] remedial classes are undertaken for such students.

E. Language Lab

- The Institute has a well established Language Laboratory in the 1st Year Engineering department.
- This laboratory is utilized while delivering Communicative English course and other related courses.

F. Bridge Courses

- For smooth transition from one level to another, the course co-ordinators conducts special sessions to meet the requirement of prerequisites while delivering the course contents/ bridge course is conducted based upon necessity.

G. Yoga and Meditation

- Sessions on Yoga and Meditation are carried out by the Institute for physical and mental well-being of the students.

H. Personal Counseling

- The Institute has well functional Teacher-Guardian [TG] Scheme for student academic and personal support.
- Special provision is made in the time table for counseling.

I. Others- Value Added Courses

- Various value added courses are conducted by the departments so as to impart transferable and life skills to the students.

The Institution assesses the learning levels of the students, after admission and organizes special programs for fast learners and slow learners.

- After admission to B.Tech. programs, a well planned Induction programme is conducted for the students to familiarize them with the Institutional systems, processes and practices. Special classes are conducted at the start of the session to lay the foundation and get them well acquainted with the prerequisite/ fundamentals of the 1st year engineering courses so as to facilitate slow learners.
- The student/s not performing well/ remained absent in the examination[Class Assessment Examination and End Semester Examination] is considered as slow learner for that course, slow learner students list (course wise) is displayed on the notice board and remedial classes are undertaken to cater their needs. The remedial classes are well planned in the academic calendar.
- The departments identify the slow and fast learner students of their respective programme and conduct several activities so as to cater to their needs.
- The following are the strategies adopted for slow learners and bright

students.

Strategies For Slow Learners

- Remedial classes
- Resit Examinations
- Individual Counseling
- TG Scheme

For Bright Students

- Encouraging to participate in the Institute's Incentive Marks Scheme so as to undertake NPTEL/ SWAYAM/ MOOCs Courses, participate in Project Competitions, extra-curricular activities[University/ National level], research and development, Innovation and Incubation activities etc.
- Encourage to participate in Honors/ Major and Minor Specialization Scheme.
- Encouragement to participate in professional body activities/ extension activities etc.
- Value added courses are undertaken.
