Report on Student Feedback-I

Session: 2022-23 (ODD Semester)

Student Feedback-I was conducted from 12th to 17th of September for VII semester students as per academic calendar. The responses from students have been scrutinized, summarized using Google form and MS Excel. The summary is discussed with concerned faculty members by the Head of Department.

The key observations and actions are listed as follows:

- ❖ It is found that all the courses theory & practical as listed in Student Feedback-I consolidated chart are having feedback above 75% i.e. very good.
- ❖ The feedback is shown to the concerned course In-charge by the Head of the Department.
- ❖ Efforts of Course, In-charges appreciated and motivated them to perform better.
- ❖ Appreciation letters are issued to Course In-charges having the highest rating in feedback (one from each semester).

Mr. Amit D. Tajne
Head of Department

Report
on
Student Feedback-II

Session: 2022-23 (EVEN Semester)

Student Feedback-II was conducted using the ionCUDOS Platform. Question-wise feedback was generated on the ionCUDOS platform for each course of the IV and VI semesters. The summary was discussed with concerned faculty members by the Head of the Department.

The key observations and actions are listed as follows:

- ❖ The average Feedback of IV semester courses was found to be 70.02%.
- ❖ The average Feedback of VI semester courses was found to be 73.07%.
- ❖ The feedback is shown to the concerned course In-charge, the shortfall identified, and corrective actions suggested by the Head of the Department.
- ❖ Efforts, of Course In-charges were appreciated and motivated them to perform better.

Course In-Charge	Mr. Himanshu Wagh	Course Title	Python Programming Lab
Average Feedback (%)		60.77	

Summary Report

Questions	Total Response Count	Weighted Response Percent
1. Effectiveness of Pre-Lab sessions	173	64.07%
2. In depth understanding of Experiments/Practical's	167	61.85%
3. Ability to reach conclusion based upon observations and interpret results	164	60.74%
4. Ability to co-relate theory with the practical and realization of its applicability in real world.	165	61.11%
5. Teachers' control & discipline in Lab, punctuality and regularity in conducting practical's	153	56.67%
6. Adequacy and clarity in illustration	162	60.00%
7. Experimental set-ups are operational & well maintained	163	60.37%
8. Explaining the difficulties raised by the students	160	59.26%
9. Promptness in assessment of submissions.	170	62.96%
10. Use of modern tools, hardware & simulation software etc.	164	60.74%
11. Motivation to explore, apply and develop new applications	164	60.74%
Total Feedback	1805	60.77%

Date:14/06/2023

To

The Principal,
SBJITMR, Nagpur.

Subject: Course End Survey for Academic Session 2022-23 (Even).

Respect Sir,

Course end survey was conducted from 1st to 9th June 2023 for IV and VI semester students. The analysis is shown to concerned faculties by the Head of Department. Action taken report on course end survey and subjectwise analysis is attached herewith for your kind information.

Enclosure:

1. Action taken report
2. Subjectwise analysis.

Action Taken Report on Course End Survey

2022-23 (Even Semester)

Course End Survey was conducted from 1st to 9th June 2023 for IV and VI semester students. The responses from students have been scrutinized, summarized using IONCudos. The analysis is shown to concerned faculties by the HoD.

The key observations (points) from summary and actions are listed as follows.

- It is found that for all courses viz. theory, practical and project are having feedback above 65% i.e. very good.
- The analysis is shown concerned to course in-charges and appreciated and motivated them to perform better.
- All the survey will be used for further academic improvement, faculty assessment and indirect assessment.

To

The Principal,
SBJITMR, Nagpur.

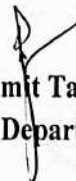

Subject: Student Satisfaction Survey for Academic Session 2022-23 (Even).

Respected Sir,

A student satisfaction survey was conducted from 01th to 9th of June for IV and VI semester students. The feedback for teaching learning, facility and support are found satisfactory. The analysis of the student satisfaction survey is attached herewith for your kind information.

Enclosure:

1. Analysis of the student satisfaction survey.

Minutes of Meeting

Agenda:	Discussion on student suggestions given in student satisfaction survey.
Date & Time:	12 th of June 2023 at 3:00 PM.
Location:	HoD office.
Points Discussed	Students have suggested the following points for improvement in the Teaching Learning Process through a student satisfaction survey. 1. Organize skill development programs. 2. More Industry person interaction for getting exposure to industry environment.
Key Decision Made / Action Taken	Following actions taken for improvement: 1. As per the suggestion in Point 1, the department had already organized the skill development course on “Python Programming” and “Use of Excel, PowerPoint and LinkedIn for Professional Growth” for third- and second-year students respectively. Apart from that Practice School-I and Practice School-II which are compulsory courses in curriculum which includes skill development courses from code academy, IGTR, Hacker rank etc. More such courses will be organized in the upcoming session. 2. As per the suggestion in Point 2, the department had taken 07 guest lectures from industry experts along with 08 industrial visits for students in session 2022-23, same will follow for the next session.

Survey Details - Detailed & Summary Report

Survey: 22_23_4_EVEN_SSF_A	Survey Type: Fresh Survey
Survey For: Facility Feedback	Program: B.Tech. Mechanical Engineering in Mechanical Engineering

Detailed Report

1. 1. How much of the syllabus was covered in the class?	Responses	Weighted Responses	Percent
1. 4 - 85 to 100%	23	115	41.07%
2. 3 - 70 to 84%	20	80	35.71%
3. 2 - 55 to 69%	10	30	17.86%
4. 1 - 30 to 54%	2	4	3.57%
5. 0 -Below 30%	1	1	1.79%
Total	56	230	82.14%

2. 2. How well did the teachers prepare for the classes?	Responses	Weighted Responses	Percent
1. 4 -Thoroughly	13	65	23.21%

Summary Report

Number of people Responded / Total number of Responders is **51 / 64** People.

Questions	Total Response Count	Weighted Response Percent
1. How much of the syllabus was covered in the class?	230	82.14%
2. How well did the teachers prepare for the classes?	215	76.79%
3. How well were the teachers able to communicate?	210	76.36%
4. The teacher's approach to teaching can best be described as	192	75.29%
5. Fairness of the internal evaluation process by the teachers.	199	76.54%
6. Was your performance in assignments discussed with you?	208	80.00%
7. The institute takes active interest in promoting internship opportunities for students.	202	77.69%
8. The teaching and mentoring process in your institution facilitates you in cognitive, social and emotional growth.	202	77.69%
9. The institution provides multiple opportunities to learn and grow.	191	73.46%
10. Teachers inform you about your expected competencies, course outcomes and programme outcomes and review the course syllabus in the class.	194	74.62%
11. Your mentor does a necessary follow-up with an assigned task to you.	196	76.86%
12. The teachers illustrate the concepts through examples and applications.	211	81.15%
13. The teachers identify your strengths and encourage you with providing right level of challenges.	215	79.63%
14. Teachers are able to identify your weaknesses and help you to overcome them.	199	76.54%
15. The institution makes effort to engage students in the monitoring, review and continuous quality improvement of the teaching learning process.	194	76.08%
16. The institute/ teachers use student centric methods, such as experiential learning, participative learning and problem solving methodologies for enhancing learning experiences.	196	73.96%
17. Teachers encourage you to participate in extracurricular activities.	194	74.62%
