

NEWSLETTER

“Engineering connects human creativity with the power of nature to create useful applications. Understanding electrical engineering, which includes electronics and power systems, is crucial for navigating complex industries. Internships provide a bridge from theory to real-world application, allowing students to use what they've learned in practical situations. These experiences not only improve technical skills but also speed up career growth, putting individuals in a position for quick promotion. In the dynamic world of engineering, internships are more than just chances; they are important steps toward success and professional development.”

Electrical Engineering Department of SBJITMR with this vision arranges an Internship Training Program every year for final year students. In all 68 students i.e. 100% final year students of our department have done internships in 27 different companies in session 2021-22 which gave them practical exposure and enhanced their technical knowledge.

→ INTERNSHIP

→ ADANI DAHANU THERMAL POWER STATION

Kiran Burkul, Durgesh Barbate, Mahwish Khan, Nidhi Shingade have done internship at DTPS Lonioada Thermal Power Road Dahanu Road, West, Boisar.

Dahanu Thermal Power Station (DTPS) is a coal-based thermal power plant located at coastal Dahanu town in Palghar district in the Indian state of Maharashtra. It was constructed by BSES Limited (now Reliance Infrastructure). The power plant is operated by Adani Electricity is located on the Mumbai-Ahmedabad rail line and is 120 km away from Mumbai and 20 km away from Mumbai-Ahmedabad-Delhi National Highway (India). It has an installed capacity of 500 MW (2x250 MW). The power plant was commissioned in 1995 and has been commercially producing power since 1996.

→ COJAG SMART TECHNOLOGY PVT. LTD

Snehal Dhote, Tanvi Kale, Bhavna Kamone, Krutika Naik, Dhanshri Tapre have done an internship in COJAG Smart Technology Pvt. Ltd BabulKheda, Badil Kheda, near Ramteke Nagar Hanuman Mandir, Nagpur.

COJAG Smart Technology Pvt. Ltd. is an Indian company providing geophysical, geotechnical and mining consulting services to the exploration and mining industries. With extensive experience in various commodities, COJAG consultants offer services in geological, geophysics and mining fields. They offer unique solutions for software development requirements in these fields.

→ INTERNSHALA TRAININGS

Aakansha Moon, Anurag kalamkar, Roshan kalamkar, Swapnil Sawang, Siddhesh Mate have done an internship in Internshala (Programming with C & Python).

Internshala is an online training platform based in Gurgaon, India. Founded by Sarvesh Agrawal, an IIT Madras alumnus, in 2011, the website helps students find internships with organizations in India.

→ JDS TRANSFORMER IND. P. LTD.

Dishant Dhoke and Ashish Thakre have completed an internship at JDS Transformer Ind. Private Limited, located in Hingna MIDC, Nagpur.

JDS Transformer Ind. P. Ltd., established in 1999. It's a renowned manufacturer and exporter of top-notch power distribution transformers, cables and wires. They employ state-of-the-art machinery and technology to fabricate superior aluminum rods and conductors, guaranteeing corrosion resistance, high tensile strength, precise dimensions, excellent electrical conductivity and extended service life.

→ JSW STEEL COATED PRODUCT PVT LTD.

Gaurav Dhawale, Yamini Pradhan and Shrunckhal Gotmare have done an internship at JSW Steel Coated Product Pvt Ltd., established in 2009. It's a well-known business in Kalmeshwar, Nagpur known for satisfying customer demands. With 60 reviews and a loyal customer base the company offers a positive experience through cash and cheque payments. Customer centricity is at the core, fostering long-term relationships. JD Mart, India's leading B2B market simplifies business activities for small and medium enterprises showcasing their offerings through a digital catalog.

→ INTERNSHIP

→ KHAPARKHEDA THERMAL POWER STATION

Sharayu Sonekar has done an internship at Khaparkheda Thermal Power Station, Khaparkheda.

Khaparkheda Thermal Power Station, one of Maharashtra's oldest coal-based power plants uses coal from Western Coalfields Limited Saoner and Dumri Khurd mines. The 500 MW plant relies on Pench Reservoir water. However, locals have reported increased dust and health conditions due to low-quality equipment.

→ KORADI THERMAL POWER STATION

Gunjan Walde has done an internship at Koradi Thermal Power Station (KTPS) a major power plant in Vidarbha, India with a total power generation capacity of 2190 MW. It began operations in 1974 and is operated by Maharashtra State Power Generation Company Limited (Prajot), a subsidiary of the Maharashtra State Electricity Board (MSEB). The plant uses coal from Western Coalfields Limited and water from Totaladoh hydroelectric power station and Nagpur Municipal Corporation's sewage treatment plant. KTPS has experienced expansion in stages with L&T expected to provide equity participation in the ₹80 billion expansion plan. The Central Power Research Institute (CPRI) plans to set up a Thermal Research Centre at Koradi.

→ SAURABH ENGINEERING SERVICES

Ashit Gajbhiye, Mayur Choudhary, Payal Dukre, Aniket Durge, Gaurav Kemekar have done an internship in Saurabh Engineering Services at Gandhibagh, Nagpur.

Mr. S.D. Bhattad has over 33 years of experience in Electrical Engineering, Electrical Safety and Energy Auditing. SES has completed over 16,000 electrical safety, energy and power audits in various installations across India.

→ RCSS ENERZIES NASHIK

Vikram Dharmi and Pranay Gatkin have done internships in Balwant Nagar, Nashik. RCSS, founded in 2007, focuses on developing eco-friendly, energy-efficient solutions in renewable energy, power electronics and embedded systems. With highly qualified professionals they reduce energy dependency and accelerate business opportunities, offering high-quality solutions and commitment to service and long-term support.

→ MSEDCL NAGPUR

Mohit Bhad and Om Rarokar have done an internship at MSEDCL Nagpur. Maharashtra State Electricity Distribution Company Limited (MSEDCL) is a state-owned company in the Maharashtra Government. Providing electricity to over 2.70 crore consumers and 70,000+ employees. With a generation tie-up capacity of 33755 MW including 8027 MW of renewable energy. The company has reduced overall AT&C losses from 33.89% in FY 2006-07 to 20.73% in FY 2020-21. The company offers various consumer services. Such as new connections, load changes and AMR/AMI is committed to improving IT interventions and system-strengthening measures to reduce AT&C losses by 15%.

ACTIVITIES

INDUSTRIAL VISIT AT KJV ALLOY PVT. LTD. (JDS GROUP OF COMPANIES), NAGPUR

The Electrical Engineering Department in collaboration with the III cell, organized an industrial visit for sixth-semester students on April 17th 2022, as part of the IVR course. The visit aimed to provide students with hands-on exposure to the practical aspects of electrical and mechanical operations in industries. By exploring modern tools and applications used in real-world settings students gained a deeper understanding of industry practices and the application of theoretical knowledge. This initiative aimed to equip students with the necessary insights and experience to thrive in their future engineering careers.

INDUSTRIAL VISIT AT BEACON ENGINEERS, HINGNA MIDC, NAGPUR

On July 10th 2022, the Electrical Engineering Department in collaboration with the III cell and ELAN Forum conducted an industrial visit for fourth-semester students. The purpose was to familiarize students with the practical aspects of electrical and mechanical operations in industries. The visit also aimed to introduce students to contemporary tools and applications used in real-world industrial settings. By providing this first-hand experience the initiative sought to bridge the gap between theoretical knowledge and its practical application in industry contexts offering valuable insights for student's future professional growth in engineering.

SEMINAR ON CAT BY CALIBERS NOVA

Mandar Pal, Punam Bhagat, Shubham Shakhare and other students have participated in ISC 2023 at R.T.M. Nagpur University, Nagpur.

ELAN Electrical Departmental Forum organized a seminar on CAT for students to gain detailed knowledge about CAT and to know how to crack that exam. The speaker of that seminar was Mr. Ashish Gaidhane Sir. ELAN (Electrical Departmental Forum) organized a seminar on CAT for students to gain detailed knowledge about CAT and know how to crack that exam.

SEMINAR ON SOFT SKILL

ELAN (Electrical Departmental Forum) organized a seminar on soft-skill and personality development. The seminar focused on improving interpersonal skills, teamwork and leadership through interactive sessions and expert presentations. Participants gained insights into problem-solving, time management and building positive relationships.

TRIBUTE 14th FEBRUARY

A condolence program was held on February 14th 2022 by the ELAN (Electrical Departmental Forum) to pay tribute to the martyrs who lost their lives in the Pulwama Attack. All the faculty members and students paid tribute to the nation's real heroes by observing a minute of silence and lighting candles in their memory. The program also included speeches by guest speakers who emphasized the bravery and sacrifice of the martyrs inspiring everyone to stand united against terrorism.

FINAL YEAR INTERNSHIP

SR. NO.	NAME OF STUDENTS	COMPANY DETAILS	DURATION	NO. OF STUDENTS
