Dr. Mrudula Nimbarte HOD of the CSE Department, congratulated and expressed the joy of success for pulling out such a successful Guest Lecture for the students. |
| Objective (100 letters only) : | Understanding, defining and differentiating different types of intellectual properties (IPs) and their roles in contributing to organizational competitiveness. Understanding the Framework of Strategic Management of Intellectual Property (IP). Ideas and creations of the mind, having commercial value are called "Intellectual Property (IP)". Legal rights associated with intellectual property are called "Intellectual Property Rights (IPRs)" and are respected by more than 150 countries worldwide. The basic purpose behind IP and also IPRs is to recognize and reward ORIGINAL effort and also to protect such effort from wrongful use by making it a 'legal offense'. |
| Program/Activity Name: | Workshop on "Intellectual Property Rights (IPR) & Patent, Designs filing." |

| Overall report of activity: 2MB pdf | <p>The event is organized to endow with a platform to exchange knowledge among young technocrats. The invited guest for seminar was Prof. Vivek Deshmukh Assistant Professor, SBJITMR, Nagpur. This seminar helps the students about the used web design tools and technologies to develop a catchy website; he energetically suggested that you have a methodology that directs the website composition cycle to productivity and meeting the site objectives. Sir also very effectively stated that students have to focus on modern web design principles when designing new and existing project, it's important for businesses to keep this trend in mind when creating websites. There is website design strategy stride by step and explained the best way to make one and start on a strong premise in building new site. There are six steps to think strategically about a Web design project like Establish your goals, Identify your audience, Determine your brand image, Goal-driven design direction, Measure results, KAIZEN- it is a Japanese philosophy called "Kaizen," which focuses on continuous improvement using small steps. The event was coordinated by Prof. Ashwini Anjekar.</p> |

Overall report of activity

The objective of this Guest lecture was to guide students about how to think and take an initiative for making a Start-up and how to get start-up funding.

The event started with the introduction of the speaker Dr. Mahesh Chopde by Mr. Palash Bedi.

Dr. Mahesh Chopde talked about start-up funding, or start-up capital. He said that it is money that an entrepreneur uses to launch a new business. The money can come from several sources and can be used for hiring employees, renting space, buying inventory or other operating expenses that help a business get started.

He also talked about Types of Start-up Funding. He also gave information about Angel Investment and VC Funding Opportunity for Early Stage.

Mrs. Vidya Jambhulkar coordinated the event. Ms Shaswati Ghosh proposed a vote of thanks.

| In Collaboration with | - |
| Details of Trainer | Mr. Gati Krishna Meher CEO, MKP IT Services Pvt. Ltd. Nagpur, Maharashtra |
| Date | 31st December, 2022 |
| No. of students participated | 117 |
| Objectives | The objective of this workshop is to help students to get familiar, how to design a web application using spring boot. |

Details:

The objective of this workshop is to help students to get familiar, how to design a web application using spring boot. Sir had explained microservices. The workshop covered the introduction of SpringBoot. Spring Boot helps developers create applications that just run. Specifically, it lets you create standalone applications that run on their own, without relying on an external web server, by embedding a web server such as Tomcat or Netty into your app during the initialization process. Spring Boot is an open-source micro framework maintained by a company called Pivotal. It provides Java developers with a platform to get started with an auto configurable production-grade Spring application. Spring Initializr is a web-based tool provided by the Pivotal Web Service. With the help of Spring Initializr, we can easily generate the structure of the Spring Boot Project. It offers extensible API for creating JVM-based projects. IntelliJ IDEA provides a set of inspections that are built-in static code analysis tools. They help you find potential bugs, locate dead code, detect performance issues, and improve the overall code structure.

| Name of Activity | Seminar on Preparation on Campus Recruitment Training (CRT) |
| In Collaboration with | - |
| Details of Trainer | Mr. Hitesh Dewani, HR Mentor |
| Date | 2/3/2023 |
| No. of students participated | 105 |
| Objectives | <ul style="list-style-type: none"> • To aware the students on time-bound answering of aptitude tests • To aware the students to persuade technical knowledge in the area of study • To aware how to enhance the programming skills of students • To groom the students to the corporate level • To help boost the students' confidence level through soft skills training |

Details:

Department of Computer Science and Engineering organised a Seminar on "Preparation on Campus Recruitment Training (CRT)" for the students of IV Semester on 2nd March, 2023 at MBA Seminar Hall from 3.30 PM to 5.30 PM.

Seminar was delivered by Hitesh Dewani, Co-Founder and Director at H R Mentors Nagpur, Maharashtra, India. His qualities are:

- Experienced Co-Founder with a demonstrated history of working in the test prep industry.
- Skilled in Soft Skills, E-Learning, Business Relationship Management, Business Development, and Employee Engagement.

- Strong professional with an MBA focused in Marketing & Finance from ICFAI BUSINESS SCHOOL.
- Conducted over a hundred workshops / sessions / guest lectures and trained more than 20000 professionals and students across the nation.

The session was very interactive and it's the answer of most important question i.e. **Why Campus Recruitment Training (CRT) is necessary?** Also, the main objective of the seminar was to aware the students on time-bound answering of aptitude tests, persuade technical knowledge in the area of study, how to enhance the programming skills of students, groom the students to the corporate level and to help boost the students confidence level through soft-skills training etc.

He also gives the knowledge of - How to face interviews? And How Failure comes in life? But you have to be focus and be positive and works with full dedication and determination etc.

Total 105 students of IV semester from both sections were present for the seminar with full enthusiasm. Felicitation of Mr Hitesh Dewani is done by Dr. Rashmi Jain, Associate Professor, SBJITMR, Nagpur. Faculty Co-ordinator Mrs. Sujata Wankhede and Mrs. Sonam Chopade, Assistant Professor, SBJITMR, Nagpur were present during seminar. Vote of thanks is done by Ms. Sakshi Patle, IV sem student of CSE department.

| Name of Course | "Tools & Concepts for Mastering Version Control with Git" |
| In Collaboration with | IEEE |
| Details of Trainer | Ms. Mayuri Botre |
| Date | 18/03/2023 |
| No. of students participated | 40 Students + 4 Faculties |
| Objectives | To make staff & students aware of the benefits and use of Git in creating repositories. |

Details:

On 18/03/2023 S. B. Jain Institute of Technology, Management and Research conducted a workshop on "Tools & Concepts for Mastering Version Control with Git".

Git is a popular version control system used by software developers to manage code changes. The workshop was conducted by Ms. Mayuri Botre and aimed to introduce Git to students and familiarize them with its basic features.

The workshop covered various topics such as setting up Git on a local machine, creating a Git repository, adding files to a repository, committing changes, and pushing changes to a remote repository. The instructor started the workshop by introducing Git and its importance in software development. Students were taught how to install Git on their local machines and configure their username and email address.

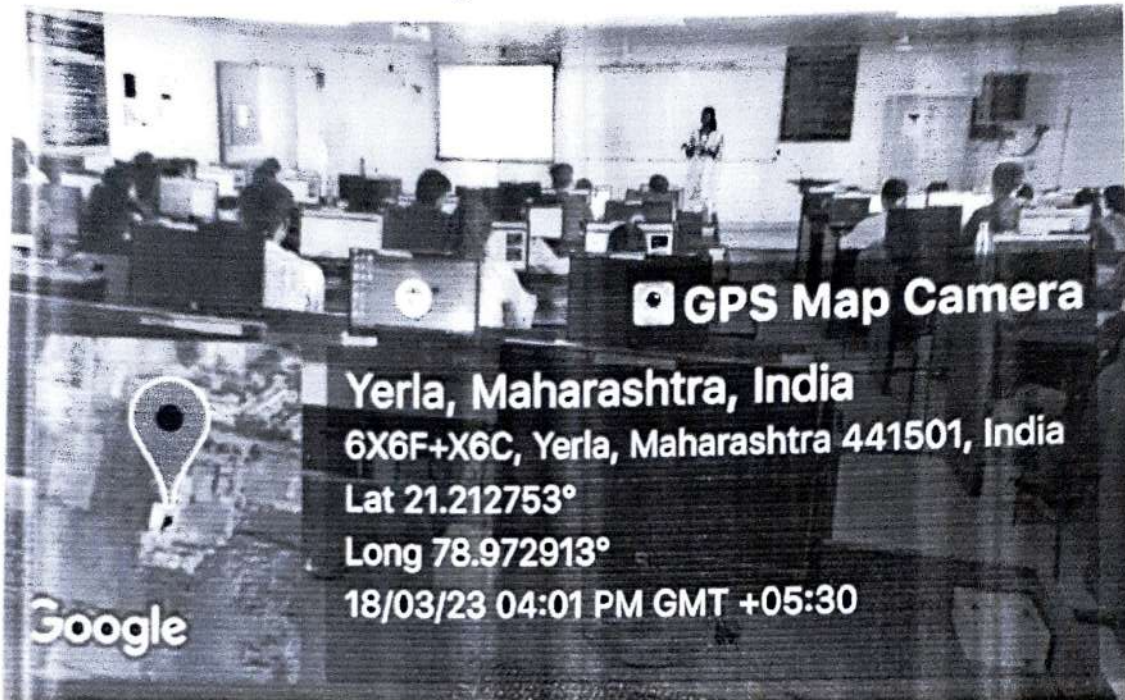

In the hands on session, students learned how to create a Git repository and add files to it. The instructor demonstrated how to use the "git init" command to create a repository and the "git add" command to add files to the repository; students were taught how to commit changes to a repository. The instructor explained the importance of writing meaningful commit messages and demonstrated how to use the "git commit" command to create a new commit.

Conclusion:

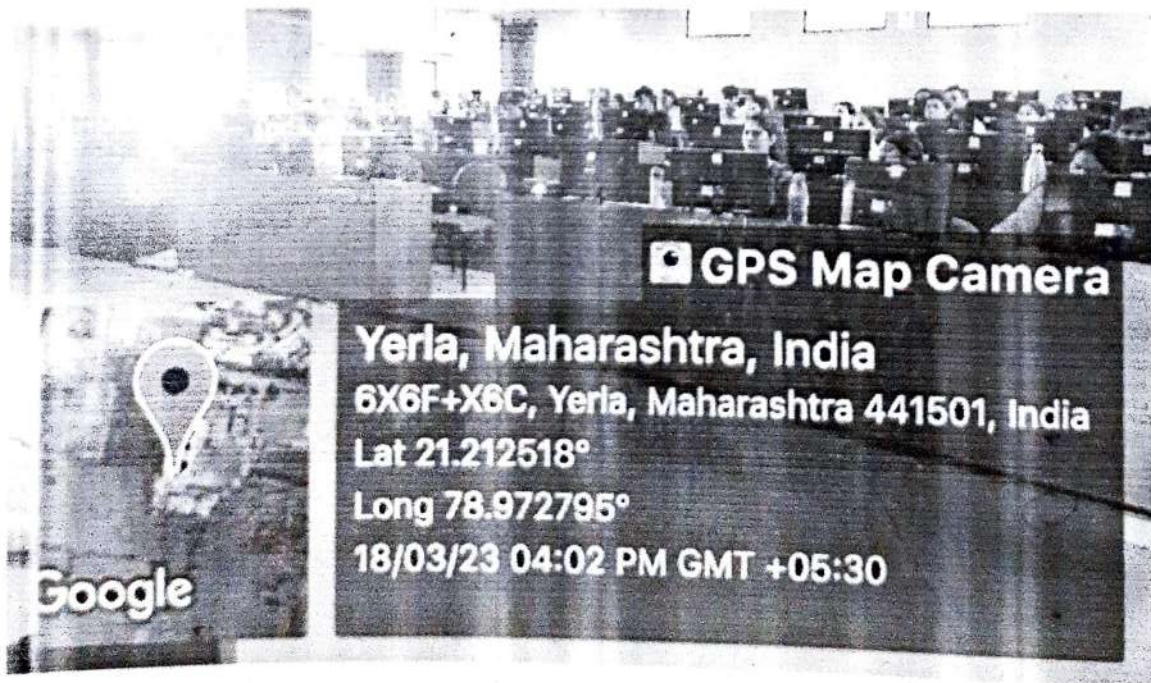

The workshop was successful in introducing Git to students and teaching them the basics of using Git.

| Resource person | Mr. Abhay Deshpande |
| Date | 21/03/2023 |
| No. of students attended | 53 Students |
| Objectives | To educate and raise awareness about the importance of IoT security, while providing practical solutions and promoting a proactive approach to mitigate risks and protect against potential threats. |

Details:

On 21/03/2023 S. B. Jain Institute of Technology, Management and Research conducted an expert lecture on "Security in Internet of Things".

Workshop was conducted by Mr. Abhay Deshpande who aimed to introduce Security in IOT Devices to students and familiarize them with its need.

The lecture on SIOT provided valuable insights into the challenges and best practices for securing IoT devices and networks. Mr. Abhay Deshpande highlighted the exponential growth of connected devices and the need for a proactive approach.

The lecture emphasized the risks of unauthorized access, data breaches, and compromised privacy in IoT systems. The students gained valuable knowledge on securing IoT ecosystems through robust authentication, encryption, access control, and continuous monitoring.

Industry expert covered various topics such as :

- IoT Security Landscape
- Scale and Complexity of IoT Systems
- Lack of Standardization in IoT Security
- Data Encryption and Privacy
- Access Control and Authorization
- Network Segmentation
- Continuous Monitoring and Vulnerability Management

Conclusion:

The workshop was successful in introducing the importance of Security in the Internet of Things.

| Name of Course | Seminar on "Using Technology for Visibility through LinkedIn" |
| In Collaboration with | Training and placement Department , IIC, and IIC, SBJITMR Nagpur |
| Details of Trainer | Mr. Pashupati Rao FACE Prep Senior trainee Higher Education Land your dream Tech job with FACE Prep |
| Date | 16 th May 2023 |
| No. of students participated | 100 |
| Objectives | The objective of this seminar is training session on Advanced Use of LinkedIn for students PPG Institute of Technology to enhance their LinkedIn profiles and help them find job/internship opportunities on LinkedIn. |

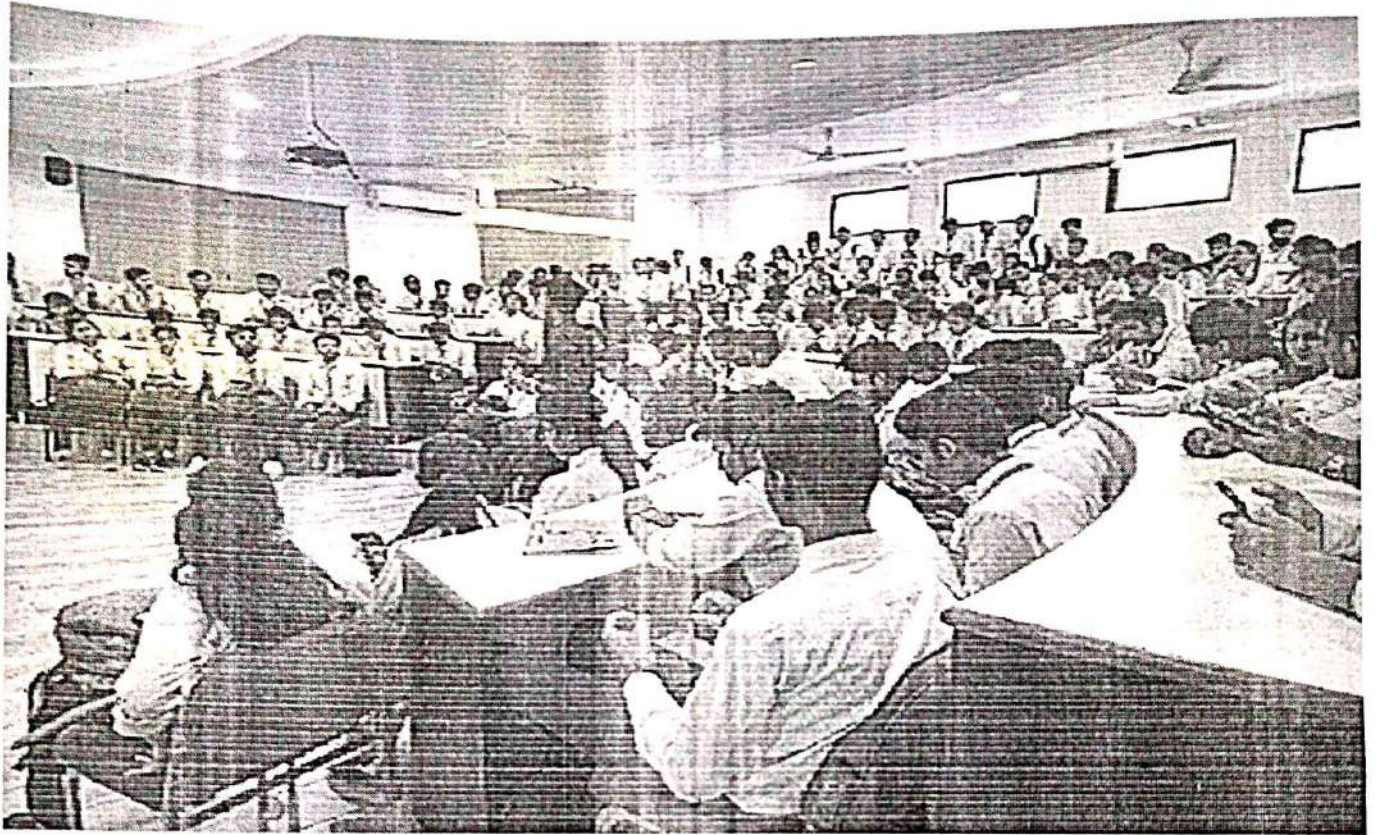

Details:

FACE Prep in partnership with LinkedIn conducted a training session on Advanced Use of LinkedIn for students PPG Institute of Technology to enhance their LinkedIn profiles and help them find job/internship opportunities on LinkedIn. Students are also given 6 months FREE LinkedIn Premium account upgrade which includes LinkedIn Learning as a part of the program and are excited to try out LinkedIn Premium and LinkedIn Learning.

The objective of this seminar is to help students to get familiar, with LinkedIn. Sir had explain about how you can use LinkedIn to find the right job or internship, connect and strengthen professional relationships, and learn the skills you need to succeed in your career tools. A complete LinkedIn profile can help you connect with opportunities by showcasing your unique professional story through experience, skills, and education. LinkedIn is the world's largest professional network on the internet.

LinkedIn offers a free, basic membership to anyone who wants to create and maintain a professional profile online. If you upgrade to a Premium subscription, you'll gain further access to LinkedIn's products and features. LinkedIn paid subscriptions include marketing, recruitment, sales, and learning products.

| Name of Course | Workshop on "Intellectual Property Rights (IPR) & Patent, Designs filing." |
| In Collaboration with | Institution's Innovation Council (IIC) |
| Details of Trainer | Mr. Himanshu Chandrakar, Examiner of Patents and Design, Nagpur |
| Date | 26/05/2023 |
| No. of students participated | 62 |
| PO & PSO Mapping | PO1,PO2. |
| Objectives | Understanding, defining, and differentiating different types of intellectual properties (IPs) and their roles in contributing to organizational competitiveness. Understanding the Framework of Strategic Management of Intellectual Property (IP). Ideas and creations of the mind, having commercial value are called "Intellectual Property (IP)". Legal rights associated with intellectual property are called "Intellectual Property Rights (IPRs)" and are respected by more than 150 countries worldwide. The basic purpose behind IP and IPRs is to recognize and reward ORIGINAL effort and to protect such effort from wrongful use by making it a 'legal offense'. |

Details:

Ideas and creations of the mind, having commercial value are called "Intellectual Property (IP)". Legal rights associated with intellectual property are called "Intellectual Property Rights (IPRs)" and are respected by more than 150 countries worldwide.

Appreciating and appraising different IP management (IPM) approaches and describing how pioneering firms initiate, implement and manage IPM programs. Explaining how to derive value from IP and leverage its value in new product and service development. Exposing to the Legal management of IP and understanding of the real-life practice of IPM. It is an undisputed fact that unless we reward 'original thinkers' and 'creators' and protect their rights over intellectual creations, society will suffer, and technological progress will be seriously affected.

The workshop was conducted on 26th May 2023. Mr. Himanshu Chandrakar, Examiner of Patents and Design, Nagpur was expert to conduct the Guest Lecture. Total 62 students and 3 faculty members have been benefited from this workshop. Students were very much motivated and attended workshop with a great enthusiasm. Dr. Mrudula Nimbarte HOD of the CSE Department, congratulated and expressed the joy of success for pulling out such a successful Guest Lecture for the students.

|-------------------------------|--|
| Name of Activity: - | Campus Recruitment Training-2022 (Day 1) |
| Date of Activity | 24/12/2022 |
| Faculty Co-coordinator: - | Ms. Ayushi Jaiswal |
| Participation Count (Day 1):- | 186 |

Activity Details:

The 1st day started with a warm welcome of "Mr. Vinay Chawala", Founder, Motive-vator & Innovator at "Enlighten the Soul". He addressed the gathering and acquainted the students with the Campus Recruitment Training Activity. Following this "Mr. Anand Iyer", an Academician with 13+ years of experience was welcomed. Sir gave the students exposure to "Aptitude Development". The session incorporated various approaches to solve problems on Numbers and Least Common Multiple/ Highest Common Factor. As Mathematics is one of the challenging subjects to clear aptitude tests, he shared various Math tricks that can help students to learn techniques on how to solve questions quickly and can help students develop greater confidence in math, and improve math skills and understanding. The explanation helped the students to see how they can propose themselves to the next level of their ability. The gathering ended up with more enthusiasm and the students really enjoyed the session.

Activity Details:

The 3rd day started with official welcome of the external mentor "Ms. Snehal Chauhan", HR, NICE Systems Ltd. The mentor aimed to make the students conversant about "Resume Building". She further added that a resume is a vital tool in a job search since it provides a glimpse with a page or two to highlight the best and most relevant abilities and attributes. Employers use resumes to make recruiting choices. There was a session on the importance of team building for professional life by "Mr. Vinay Chawala". The mentor also instigated a game incorporating group discussion activity. The students enjoyed the session and actively participated in the activities. Later "Ms. Shikha Yadav", Psychologist in European Company, shed light on "Effective Communication Skills". She stated that when communication is effective, it leaves all parties involved satisfied and feeling accomplished. Students were excited about the session and contributed active interest.

Activity Details:

The 4th day started with a group activity by **Mr. Vinay Chawala**, which gave the participants a curated collection of information. Immediately successive to this activity, there was a session by "**Ms. Upasna Vanjani Chawla**", 8+ years' experienced in Training with groups like TATA. The session encompassed about "**Verbal Skills**". The emphasis in Verbal abilities enables students to regulate their own behavior by engaging in such activities. The speaker stressed on verbal ability inculcating, effective use of grammar, vocabulary and comprehension. Later "**Mr. Prakash Shesh**", Alumni of IIM - A & IIT - D, shed light on "**GD & Interview Skills**". He elaborated on, what GD is and why it is important from an interviewer's perspective. Further, he added that the group discussion round is critical because it allows interviewers to analyze candidates on a variety of parameters, including their level of confidence, teamwork qualities, communication, leadership, analytical, and logical skills. This is how students can foster cognitive apprentices in their discipline.

Activity Details:

On the 5th day there was a session on “Math Aptitude” by “Mr. Amit Manwani”, Designs Aptitude for MNC’s. The session incorporated topics like Time, Speed, and Distance. The speaker stressed on Mathematical aptitude demonstrating, a present condition, a pattern of traits deemed to be indicative of students’ future potentialities. Later “Mr. Prakash Shesh”, Alumni of IIM – A & IIT - D, shed light on “GD & Interview Skills”. He detailed the personal interview’s seriousness. The students came to know that, the interviewer will test the candidate's analytical skills in ways not possible in a written test. The students came to know how the individual or in-person, the interview allows interviewer to learn about a candidate's personality, skills, qualifications, and behavior. The session cultured the students with confidence, and they came to know that this is an important step to grab excellent opportunities. Sir also gave a demonstration of a Personal Interview. The enthusiasm of the students was high at the end of the day.

| Participation Count (Day 9):- | 177 |

Activity Details:

The 9th day started with great enthusiasm including "Mock Interview" by the Industry Experts. The Experts from various Industries addressed the students. Following this, the Mock Interview started. The Job interviews can be stressful, especially if a candidate doesn't feel fully ready for the interview. A mock interview can be useful to reduce the stress of the interview process before facing real companies. This session helped the students to develop appropriate strategies for the live interviews by refining their communication skills and reducing their stress by practicing all of the possible scenarios that could come up. Immediately following this, was a session on "Live Campus & Mocks" by "Mr. Rajendra Chandorkar", a renowned facilitator & consultant. He also has more than 40 years of experience and is an author (written 6 books). He boosted up the students with his wonderful words, "Mock interviews are like study sessions that build one's ability to perform well and boost confidence". The students were amazed and got positive energy with his speech.

Activity Details:

On the 10th day, all the participants were happy and eager to get a feel of an actual interview. The “**Mock Interview Process**” by the Industry Experts was started at the beginning of the day. All the preparation from Day 1 to Day 9 enabled the participants to look forward to the activities involved in the Mock interview process. First of all, the aptitude test was conducted, followed by the Group Discussion, and then Personal Interview was held. The students gave their best to fully acquire such a significant opportunity. The students were amazed and thankful to be a part of the Campus Recruitment Training.

The “CRT-2022 Activity” concluded with a recreational event near the poolside to end the CRT-2022 program on a high note. The students with excellent performance were felicitated. All the students enjoyed the event with fun games followed by dinner. Mr. Sanjeev Agrawal, CEO, Dr. S.L. Badjate, principal, Dr. Pankaj Thote, Dean Academics and the Head of all departments were invited for the recreational activity followed by dinner. The students expressed their gratitude towards the college and appreciated for giving them this platform to nurture their skills.

The Department of Electronics and Telecommunication Engineering under IETE Students Forum-ISF in association with the Institute's Innovation Council organized Workshop on "Innovative exposure on EIIoT-4.0. The event was organized for the students of II year Electronics and Telecommunication Engineering. The event was scheduled from 11th May 2023 to 12/05/2023 from 11:00AM.

The event was organized to provide participants with a comprehensive understanding of EIIoT-4.0. The expert for the workshop was Dr. Rahul Pethe. Sir gave a comprehensive understanding of the latest trends, advancements, and applications in the field of Edge Intelligence and Industrial Internet of Things (EIIoT) 4.0. The workshop focused on exploring innovative approaches and technologies to leverage the potential of EIIoT-4.0 in various industrial sectors. expert gave a overview of the Industrial Internet of Things (IIoT) and its evolution to EIIoT-4.0. along with Introduction to Edge Intelligence and its role in EIIoT-4.0. Hands-on session on implementation of circuit using node mcu, arduino, raspberry attracted

students. 55 students benefited from the workshop. At the end session, Q&A for participants was organized to engage with the expert. Dr. Abhay Kasetwar, Head of the department appreciated the event. Prof. Ayushi Jaiswal coordinated the event along with the IETE Students Forum-ISF committee.

Departmental Forum FEETA of Electronics and Telecommunication Engineering in association with Institute's Innovation Council-IIC organized **Seminar on "Financial Assistance for small business and startups."** The event was organized for the students of Final year Electronics and Telecommunication Engineering. The event was scheduled on 22nd Feb 2023 from 10:30 AM onwards.

The event was organized to aware the students about Financial Assistance for small business and startups. The speaker was Dr. Farha Hussain Khan, SBJITMR. Her lecture started with the topic on the importance of financial assistance for small businesses and startups. After that she briefly discussed the topics which were understanding the financial Landscape, Government Assistant Programs, Equity Financing, Debt Financing. After discussions with students, they were clearer about the importance of financial planning, budgeting, and cash flow management for small businesses and startups. Student actively participated in one-to-one discussion with the guest, 80 students got benefited by the Seminar. Dr. Abhay Kasetwar, Head

of the department appreciated the event with other faculty members. Prof. Ayushi Jaiswal coordinated the event along with the FEETA committee.

Department of Electronics and Telecommunication Engineering, IETE Students Forum-ISF in association with Institution’s Innovation Council-IIC organized a **Workshop on “Design Thinking, Critical Thinking and Innovation Design”** The event was organized for the students of final year Electronics and Telecommunication Engineering. The event was scheduled on 21st February 2023 from 10:30 AM.

The workshop aimed to equip participants with essential skills and techniques to foster creativity, problem-solving, and innovative thinking in various domains. The speaker was Mr. Shailesh Sakhare, Assistant Professor. The workshop began with a warm welcome and introduction by the facilitator, emphasizing the importance of design thinking, critical thinking, and innovation in today's rapidly evolving world. The session provided an overview of the design thinking methodology, its principles, and its application in problem-solving and innovation. Participants learned about the stages of design thinking, such as empathizing with users, defining problem statements, ideation, prototyping, and testing. The workshop introduced

participants to a range of design thinking tools and techniques that facilitate ideation, visualization, and problem-solving. Student have actively participated in one-to-one discussion with the guest 64 students got benefited by the Seminar. Dr. Abhay Kasetwar, Head of the department appreciated the event with other faculty members. Prof. Ayushi Jaiswal along with the IETE Students Forum-ISF committee coordinated the event.

Departmental forum FEETA of the Electronics and Telecommunication Engineering Department organized a "Workshop on Art of Writing a Research Paper". The workshop was organized on 16/02/2023 at 02:30 PM for students of IV year students

This capability enhancement and development workshop bridges the gap between academicians & research and aware them in recent technology. The expert was Dr. Vicky Butram from S.B.J.I.T.M.R. Nagpur. Sir guided the students through various stages of publication of a research paper – selection of the broad area, identification of research gap, design of research approach and methodology, presentation of results, submission of a paper to the journal, creating revisions and responses to reviewer comments. It was really a splendid session which highlighted the growing significance of research in the contemporary academic area. Total 74 students were benefited from the seminar. Dr. Abhay Kasetwar, Head of the department appreciated the event with other faculty members. Prof Ayushi Jaiswal and Prof Ashwini Anjekar coordinated the event along with the ISF committee members.

IETE Students Forum-ISF of Electronics & Telecommunication Engineering department in association with Institution's Innovation Council-IIC is organizing Expert talk on **"Website design strategies-step to become Entrepreneur"**. The Seminar was organized for the Second year students. The Seminar was scheduled on 22nd Nov, 2022 from 4.30 pm onwards.

The event is organized to endow with a platform to exchange knowledge among young technocrats. The invited guest for seminar was Prof. Vivek Deshmukh Assistant Professor, SBJITMR, Nagpur. This seminar helps the students about the used web design tools and technologies to develop a catchy website: he energetically suggested that you have a methodology that directs the website composition cycle to productivity and meeting the site objectives. Sir also very effectively stated that students have to focus on modern web design principles when designing new and existing project, it's important for businesses to keep this trend in mind when creating websites. There is website design strategy stride by step and explained the best way to make one and start on a strong premise in building new site. There are six steps to think strategically about a Web design project like Establish your goals, Identify your audience, Determine your brand image, Goal-driven design direction, Measure results, KAIZEN- it is a Japanese philosophy called "Kaizen," which focuses on continuous improvement using small steps.

There were 54 students of Second year got benefited through this Seminar. Dr. Abhay Kasetwar, Head of the department appreciated the event with other faculty members. Prof Ashwini Anjekar coordinated the event along with the committee members.

Activity Report

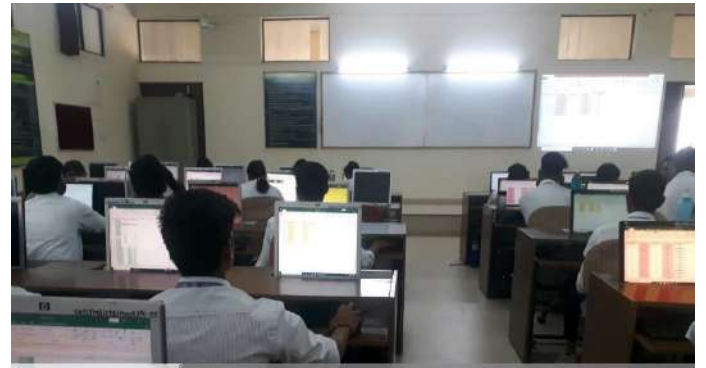

Session: 2022-23 (EVEN)

| Report Summary | |
|-------------------------------------|--|
| Name of Activity | Value Added Course on “Use of Excel, Power Point and LinkedIn for Professional growth” |
| Date of Activity | 20/05/2023 – 06/06/2023 (10.00 AM -06.00 PM) |
| Name of faculty members | Prof. Ajay Joshi, Assistant Professor, Department of Mechanical Engineering, SBJITMR, Nagpur |
| Name of Internal Coordinator | Mr. Ajay Joshi. |
| Place of Activity | M005, Computer Centre, SBJITMR, Nagpur |
| Purpose of Activity | The purpose of this course was to introduce Microsoft Excel, Power Point and LinkedIn in their Programme. With this course student will be able to Apply the knowledge of Microsoft Excel, Power Point and LinkedIn also they will Organize and Analyze data using Microsoft Excel, Create Professional LinkedIn Profile and interactive Power Point presentations. |
| No. of students participated | 60 (Second Year) |
| Summary of Activity | <p>Department of Mechanical Engineering, S.B. Jain Institute of Technology Management and Research, has organized a course on “Use of Excel, Power Point and LinkedIn for Professional growth” for second year students from 20/05/2023 – 06/06/2023. The session started with the course introduction, Course Objectives, Course Outcomes, Course Content and software required for the course.</p> <p>The course was divided into Three Modules (Total course duration 30 Hour) namely – Microsoft Excel (22 Hour), Microsoft PowerPoint (04 Hour), LinkedIn (04 Hour). The Session started with the hands-on session on MS Excel Fundamentals and data organization using MS Excel. In the Excel module, participants participated in hands-on exercises. These activities may involve creating budgets, analyzing sales data, or solving business problems using Excel's functionalities. Through these activities, participants gained the confidence in navigating Excel, working with formulas and functions, and utilizing data analysis tools effectively.</p> <p>The PowerPoint activities focus on designing and delivering impactful presentations. Participants will have opportunities to develop their own presentations on different topics and receive feedback from instructors and peers. The LinkedIn activities revolve around optimizing participants' LinkedIn profiles and engaging with the platform's features. The activities aim to enhance participants' networking skills, build a strong online presence, and leverage LinkedIn's resources for career advancement.</p> <p>By actively participating in the activities throughout the course, participants not only gain theoretical knowledge but also develop practical skills and experience in using Excel, PowerPoint, and LinkedIn. These hands-on activities help participants build confidence in applying these tools in their professional lives.</p> |

APPROVAL NOTE

Date: 16/5/23

1. To enhance transferable and life skills to the students and enhance analytical skills of students, the value added course/ certification course on "Use of Excel, Powerpoint and LinkedIn for Professional Growth" is proposed to be undertaken.

COURSE NAME: USE OF EXCEL, POWERPOINT AND LINKEDIN FOR PROFESSIONAL GROWTH

COURSE TYPE: VALUE ADDED COURSE/ CERTIFICATION COURSE

COURSE DURATION: 30 HOURS

COURSE ELIGIBILITY FOR INCENTIVE MARKS: YES

2. This course shall help students to develop analytical, logical, and Problem-Solving which will enhance their employability. The content of the course are taken from NPTEL, Udemey & Coursera platforms and are relevant to the current industry requirement.

3. Hence, the course is put up for approval.

YEAR/ SEMESTER: II/ IV

| Course Type | Course Title | Course Duration (Hr.) |
|--------------------|---|-----------------------|
| Value Added Course | Use of Excel, PowerPoint and LinkedIn for Professional Growth | 30 |

COURSE OBJECTIVES

The objective of this course is -

Student should be able to organize & analyze data, interpret results through Excel's visualizations and create Professional LinkedIn Profile and interactive Power Point presentations.

COURSE OUTCOMES

Students will be able to -

- [1] CO1: Understand the fundamentals and importance of Microsoft Excel, Power Point and LinkedIn.
- [2] CO2: Apply the knowledge of Microsoft Excel, Power Point and LinkedIn
- [3] CO3: Organize and Analyze data using Microsoft Excel
- [4] CO4: Create Professional LinkedIn Profile and interactive Power Point presentations

SYLLABUS

Module 1: Microsoft Excel

- 1 Launching Excel, Introduction to the Excel Interface, Customizing the Excel Quick Access Toolbar, Understanding the Structure of an Excel Workbook, Saving an Excel Document, Opening an Existing Excel Document, Common Excel Shortcut Keys.
- 2 Entering and Editing Text and Formulas: Entering Text to Create Spreadsheet Titles, Working with Numeric Data in Excel, Entering Date Values in Excel, Working with Cell References,

S. B. JAIN INSTITUTE OF TECHNOLOGY, MANAGEMENT & RESEARCH, NAGPUR.

(An Autonomous Institute, Affiliated to RTMNU, Nagpur)

DEPARTMENT OF MECHANICAL ENGINEERING

Vision: Emerge as an excellent centre for Mechanical Engineering education

- Creating Basic Formulas in Excel, Relative Versus Absolute Cell References in Formulas, Understanding the Order of Operation.
- 3 Importing and Exporting Data: Importing Data from Text Files, Importing Data from Microsoft Access, Exporting Data to a Text File
Printing an Excel Worksheet: Viewing your Document in Print Preview, Changing the Margins, Scaling and Orientation, Working with Page Layout View, Adding Header and Footer Content, Printing a Specific Range of Cells.
Working with Basic Excel Functions: The structure of an Excel Function, Working with the SUM() Function, Working with the MIN() and MAX() Functions, Working with the AVERAGE() Function, Working with the COUNT() Function, Using the AutoSum Command, Using the AutoFill Command to Copy Formulas.
 - 4 Inserting Images and Shapes into an Excel Worksheet: Inserting Images, Inserting Excel Shapes, Formatting Excel Shapes, Working with Excel SmartArt.
 - 5 Modifying an Excel Worksheet: Moving and Copying Data in an Excel Worksheet, Inserting and Deleting Rows and Columns, Changing the Width and Height of Cells, Hiding and Unhiding Excel Rows and Columns, Deleting an Excel Worksheet, Renaming an Excel Worksheet, Moving and Copying and Excel Worksheet.
 - 6 Formatting Data in an Excel Worksheet: Working with Font Formatting Commands, Changing the Background Color of a Cell, Adding Borders to Cells, Formatting Data as Currency Values, Formatting Percentages, Using Excel's Format Painter, Creating Styles to Format Data, Merging and Centering Cells, Using Conditional Formatting.
 - 7 Creating Basic Charts in Excel: Creating an Excel Column Chart, Working with the Excel Chart Ribbon, Adding and Modifying Data on an Excel Chart, Formatting an Excel Chart, Moving a Chart to another Worksheet, Working with Excel Pie Charts.
 - 8 Working with an Excel List: Understanding Excel List Structure, Sorting a List Using Single Level Sort, Sorting a List Using Multi-Level Sorts, Using Custom Sorts in an Excel List, Filter an Excel List Using the AutoFilter Tool, Creating Subtotals in a List, Format a List as a Table, Using Conditional Formatting to Find Duplicates, Removing Duplicates
 - 9 Excel List Functions: Excel Function: DSUM(), Excel Function: DAVERAGE(), Excel Function: DCOUNT(), Excel Function: SUBTOTAL().

S. B. JAIN INSTITUTE OF TECHNOLOGY, MANAGEMENT & RESEARCH, NAGPUR.

(An Autonomous Institute, Affiliated to RTMNU, Nagpur)
DEPARTMENT OF MECHANICAL ENGINEERING

Vision: Emerge as an excellent centre for Mechanical Engineering education

- 10 Working with Excel's Conditional Functions: Working with Excel Name Ranges, Using Excel's IF() Function, Nesting Functions, Using Excel's COUNTIF() Function, Using Excel's SUMIF() Function, Using Excel's IFERROR() Function
- 11 Working with Excel's Lookup Functions: Using Excel's VLOOKUP() Function, Using Excel's HLOOKUP() Function, Using Excel's INDEX() and MATCH() Functions
- 12 Working with Excel's Text Based Functions: Using Excel's LEFT(), RIGHT() and MID() Functions, Using Excel's LEN() Function, Using Excel's SEARCH() Function, Using Excel's CONCATENATE() Function.

Module 2: Microsoft PowerPoint

1. Blank and Sample Presentation, Adding Text boxes, Edit, Copy, Cut & Move Text, Format Text Boxes, Add Slides & Change Layouts, Import or Reuse Slides, Arranging Slides, Themes & Backgrounds, Slide Navigation, Presentation Views,
2. Formatting Text, Formatting Paragraphs, Bullet & Numbered List
3. Capture Images & Insert Pictures, Photo Album, Drawing Shapes, Advanced Shapes, Merge Shapes, WordArt, SmartArt Graphics, Crop, Resize & Style Objects, Formatting Objects, Grouping Objects, Object Ordering & Layering, Gridlines & Guides
4. Insert & Formatting Tables, Insert Table from Word, Insert Excel Spreadsheet, Create & Modify Charts, Animations and Slide show
5. AutoCorrect, Check Spelling & Grammar, Smart Lookup & Thesaurus, Accessibility Checker, Sectioning Slides, Slide Transition Effects, Animation Effects, Speaker Notes, Slide Orientation & Size, Print Presentation Options, Hide & Show Slides, Create Handouts In Word, Word To PowerPoint, Slide Show & Shortcuts

Module 3: LinkedIn

LinkedIn Introduction, Create professional LinkedIn profile, technique to add hundreds of connections, create a LinkedIn headline and summary, endorsements and recommendations in LinkedIn.

Total Hours: 30

| The overall report of activity: 2MB pdf | <p>The Department of Mechanical Engineering in association with the Entrepreneurship Development Cell and in collaboration with the Institution's Innovation Council successfully organized a guest lecture on "Government schemes for start-up funding and qualities to become a successful Entrepreneur". The resource person was Mr. Rahul Mishra, Assistant Director MSME-DFO, Nagpur.</p> <p>During the guest lecture, he explained the various government and bank schemes for start-up funding, and created awareness among students about various government portals such as Udyam and GeM (e-Marketing) where they can register their firms and do product marketing on the government portal. He also discussed about the resources and qualitative skills required to become a successful entrepreneur. Mr. Rahul Mishra also addressed the benefits of the scheme Prime Minister's Employment Generation Programme (PMEGP), Prime Minister Rojgar Yojana (PMRY) and Rural Employment Generation Programme (REGP) schemes and encouraged the students to take the benefit of government and bank schemes for their start-up funding. Overall 90 students attended the guest lecture which was coordinated by Mr. Nikhil Shrikhande and Mr. Pranay Dhongde.</p> | |

The overall report of activity: 2MB pdf

Department of Mechanical Engineering in association with the Institution's Innovation Council and Entrepreneurship Development Cell organized a motivational talk on " Stay Focused: Be on Track "

Dr. Mahesh Chopde, Asst. Prof. in Dept. of Business Management, SBJITMR, Nagpur was the expert. During the talk, he explained that first steps of any new venture are the hardest. From opening your doors to signing your first client, building your team to hiring your first marketing agency — every choice you make has substantial consequences for your business. Some choices could propel your business forward while others could set you back years or force you to close your doors. Making these pivotal decisions is tough; that's why entrepreneurs need to find motivation. Dr. Mahesh discussed that during initial business starting, sometimes life gets hard. So entrepreneurs need a bit of motivation to get started. There are loads of occasions that entrepreneurs struggle for motivation. To achieve that goal a focused mind is needed for overcoming the distractions .He told some tricks to overcome the distractions. He also discussed the current market needs and motivated the students to be prepared for that. This was followed by interaction with students. A total of 91 students participated in the event. Prof. Nilesh Gowardipe coordinated the event.

| <p>Objective:</p> | <p>Understanding, defining and differentiating different types of intellectual properties (IPs) and their roles in contributing to organizational competitiveness. Understanding the Framework of Strategic Management of Intellectual Property (IP). Ideas and creations of the mind, having commercial value are called "Intellectual Property (IP)". Legal rights associated with intellectual property are called "Intellectual Property Rights (IPRs)" and are respected by more than 150 countries worldwide. The basic purpose behind IP and also IPRS is to recognize and reward ORIGINAL effort and also to protect such effort from wrongful use by making it a 'legal offense'. It is an undisputed fact that unless we reward 'original thinkers' and 'creators' and protect their rights over intellectual creations, society will suffer and technological progress will be seriously affected.</p> |
| <p>Benefits in terms of Learning/Skill/Knowledge:</p> | <p>Appreciating and appraising different IP management (IPM) approaches and describing how pioneering firms initiate, implement and manage IPM programs. Explaining how to derive value from IP and leverage its value in new product and service development. Exposing to the Legal management of IP and understanding of the real-life proactive of IPM.</p> |

& RESEARCH, NAGPUR.**

(An Autonomous Institute, Affiliated to RTMNU, Nagpur)

DEPARTMENT OF EMERGING TECHNOLOGIES (AI&ML and AI&DS)

Become an excellent center for Emerging Technologies in Computer Science to create competent professionals.

Overall report of activity

The session was intended to provide details on Identifying different types of Intellectual Properties (IPs), the right of ownership, the scope of protection as well as the ways to create and extract value from IP. It is important for Engineering students to understand IPR and its value in protecting your inventions. Working in the realm of industrial property, you will most likely be involved in the creation of proprietary designs or inventions.

The workshop was conducted on 8th December, 2022. Mr. Himanshu Chandrakar, Examiner of Patents and Design, Nagpur was expert to conduct the Guest Lecture. 65 (AI & DS) students and 2 faculty members have been benefited from this workshop. Students were very much motivated and attended workshop with a great enthusiasm. Dr. Mrudula Nimbarte, HOD of the Emerging Technologies Department. Congratulated and expressed the joy of success for pulling out such a successful Guest Lecture for the students.

Overall report of activity

The objective of this seminar to raise basic awareness of entrepreneurial concepts and to enable students to identify and learn how to make a mindset to take up entrepreneurship as a career. This Seminar motivated the students to work hard and start a new venture through adequate forward planning and the execution of the plans. The session was an interactive one where the students were very participative and engaged in questions with the dignitary.

The workshop was conducted on 17th December, 2022. Dr. Mahesh Chopde, Assistant Professor, SBJITMR, Nagpur was expert to conduct the Seminar. 24 (AI & DS) students and 2 faculty members have been benefited from the seminar. Students were very much motivated and attended seminar with a great enthusiasm. Dr. Mrudula Nimbarte HOD of the Emerging Technologies Department, congratulated and expressed the joy of success for pulling out such a successful seminar for the students.

| Objective: | The conduct of a person implies integrity; integrity plays an essential role in ethical behavior. A person with ethics acts with a personal code of principles, applying moral standards and respect and consideration in every situation. Information technology is the processing of data via computer, it is the use of hardware and software technology to process and distribute information in digital and other forms. Ethics in information technology refers to the code of conduct or guidelines for people working in the IR industry or using IT infrastructure. In this essay, we will try to find out why |

S. B. JAIN INSTITUTE OF TECHNOLOGY, MANAGEMENT & RESEARCH, NAGPUR.

(An Autonomous Institute, Affiliated to RTMNU, Nagpur)

DEPARTMENT OF EMERGING TECHNOLOGIES (AI&ML and AI&DS)

Become an excellent center for Emerging Technologies in Computer Science to create competent professionals.

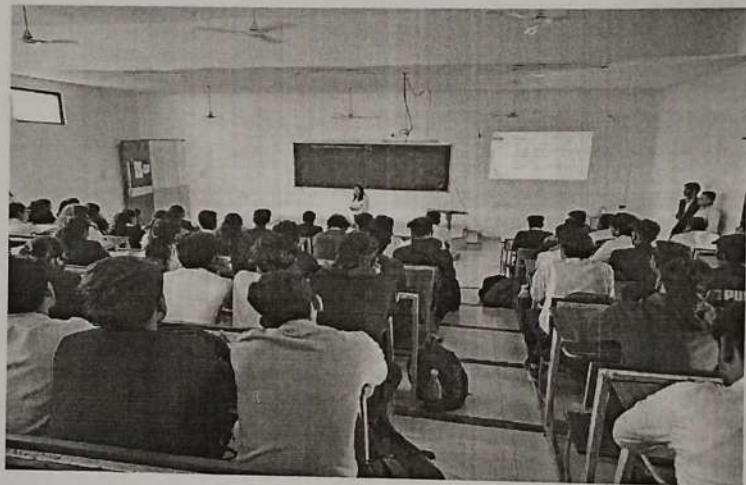

is that ethics is so important to today's industry, and what role it plays to help every business run smoothly. We will also identify what will be the impact of a nonexistent code of conduct in IT on society.

Benefits in terms of Learning/Skill/Knowledge:

Information technology, computers and networks do not raise new ethical issues, ethical issues has always been the major part of a working environment. However, the Internet does contribute a fascinating sense of anonymity; the notion that no one can see or find out what we are doing. The main role of ethics in the IT industry is providing a firm ground basis for the use of IT whenever needed. The IT industry is divided in different organization bogy, and each body apply various codes of conducts regarding their target, the area of working and their consumers. The ethics varies depending on the academic board. There is a global code of ethics for the whole information technology but each professional board will have their own preamble code of ethics.

Overall report of activity

The code of ethics provides guidance by establishing a set of rules and standards for the use of IT and for the behavior to adopt when working in the IT environment or when using IT infrastructure. There are differences from the law but there are made in accordance with the law. So many issues regarding the ethics in IT couldn't be raised here, the ethics in IT is very large to develop, and many IT authors have written books and journals to raise these issues. In our essay, we have tried to give an idea of how ethics come into play in the working environment and for IR users.

The workshop was conducted on 26th December, 2022. Ms. Nidhee Patre, Technical Associate, AWS Amazon, Bangalore. Was an expert to conduct the Guest Lecture. 57 (AI & DS) students and 2 faculty members have benefited from this workshop. Students were very much motivated and attended a workshop with great enthusiasm. Dr. Mrudula Nimbarte HOD of the Emerging Technologies Department congratulated and expressed the joy of success for pulling out such a successful Guest Lecture for the students.

Seminar on “Intellectual Property Rights (IPR) & Patent, Designs filing”

| | |
|--|---|
| Link of social media (Facebook): | https://www.facebook.com/officialsbjain/ |
| Academic Year: | 2022-23 |
| Quarter: | 3 |
| Activity Name: | Seminar on “Intellectual Property Rights (IPR) & Patent, Designs filing” |
| Program Type (FDP /Conference/Ind. Visit etc): | Technical Seminar |
| Program Theme (Startup/IPR/Incubation, etc): | IPR |
| Duration of Activity (Minutes): | 2 hours |
| Date: | 8/12/2022 |
| No. of Students Participant: | 66 (AI & ML) |
| No. of Faculty Participant: | 2 |
| No. of External Participant: | 1 |
| Expenditure Amount: | NA |
| Remark: | Successfully Completed |
| Mode of session: | Offline |

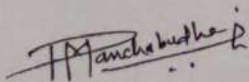

| | |
|--|---|
| <p>Objective:</p> | <p>Understanding, defining and differentiating different types of intellectual properties (IPs) and their roles in contributing to organizational competitiveness. Understanding the Framework of Strategic Management of Intellectual Property (IP). Ideas and creations of the mind, having commercial value are called "Intellectual Property (IP)". Legal rights associated with intellectual property are called "Intellectual Property Rights (IPRs)" and are respected by more than 150 countries worldwide. The basic purpose behind IP and also IPRS is to recognize and reward ORIGINAL effort and also to protect such effort from wrongful use by making it a 'legal offense'. It is an undisputed fact that unless we reward 'original thinkers' and 'creators' and protect their rights over intellectual creations, society will suffer and technological progress will be seriously affected.</p> |
| <p>Benefits in terms of Learning/Skill/Knowledge:</p> | <p>Appreciating and appraising different IP management (IPM) approaches and describing how pioneering firms initiate, implement and manage IPM programs. Explaining how to derive value from IP and leverage its value in new product and service development. Exposing to the Legal management of IP and understanding of the real-life proactive of IPM.</p> |
| <p>Photograph 1 (Jio Tagged) (2 MB)</p> |  <p>The photograph shows a lecture hall with students seated at desks. A presentation slide is visible in the foreground with the following text:</p> <p>Yerla, Maharashtra, India 6X6F+X6C, Yerla, Maharashtra 441501, India Lat 21.212639° Long 78.972773° 08/12/22 03:39 PM GMT +05:30</p> <p>Other visible text on the slide includes "GPS Map Camera" and "Google".</p> |
| <p>Photograph 2 (Normal) (2 MB)</p> | |

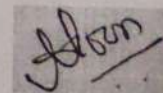

Overall report of activity

The session was intended to provide details on Identifying different types of Intellectual Properties (IPs), the right of ownership, the scope of protection as well as the ways to create and extract value from IP. It is important for Engineering students to understand IPR and its value in protecting your inventions. Working in the realm of industrial property, you will most likely be involved in the creation of proprietary designs or inventions.

The workshop was conducted on 8th December, 2022. Mr. Himanshu Chandrakar, Examiner of Patents and Design, Nagpur was expert to conduct the Guest Lecture. 66 (AI & ML) students and 2 faculty members have been benefited from this workshop. Students were very much motivated and attended workshop with a great enthusiasm. Dr. Mrudula Nimbarte, HOD of the Emerging Technologies Department. Congratulated and expressed the joy of success for pulling out such a successful Guest Lecture for the students.
